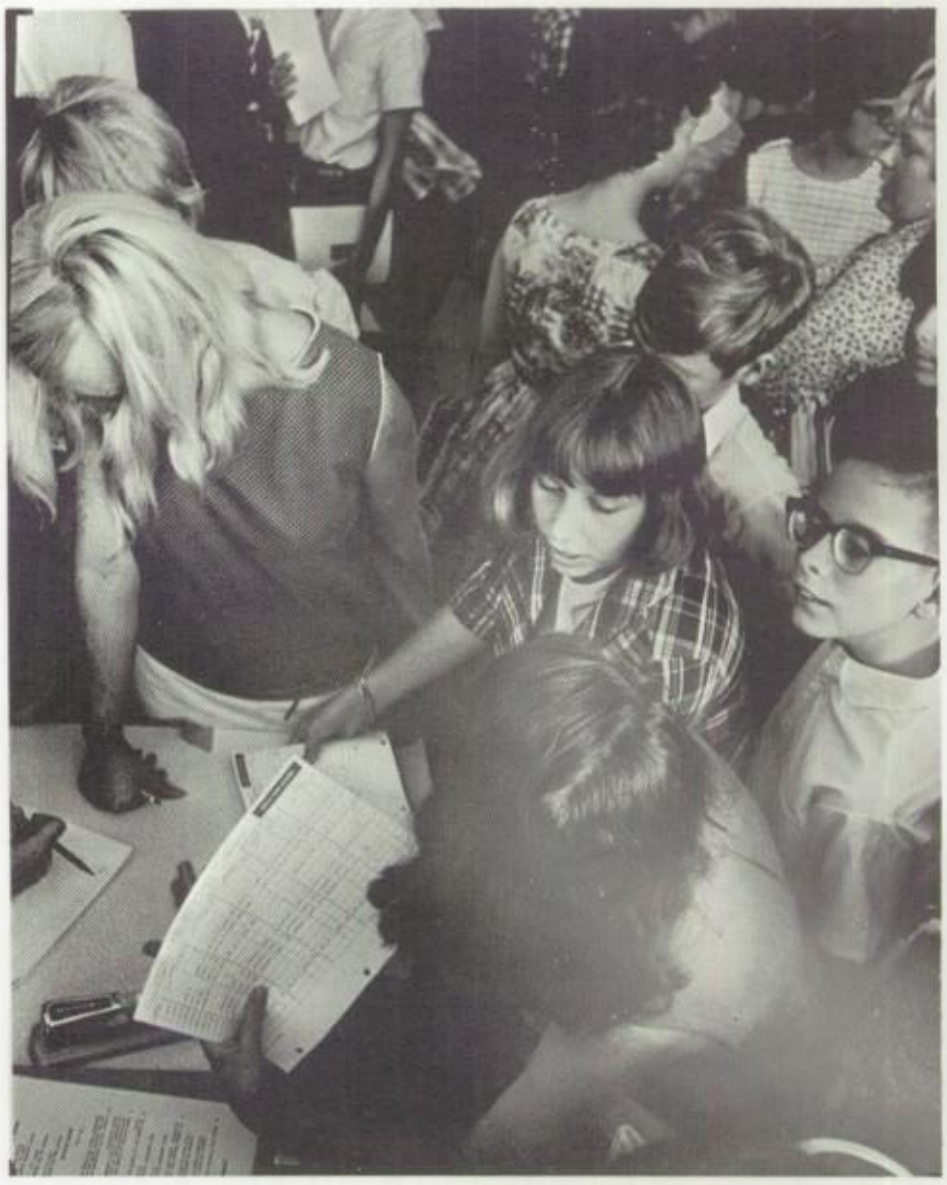
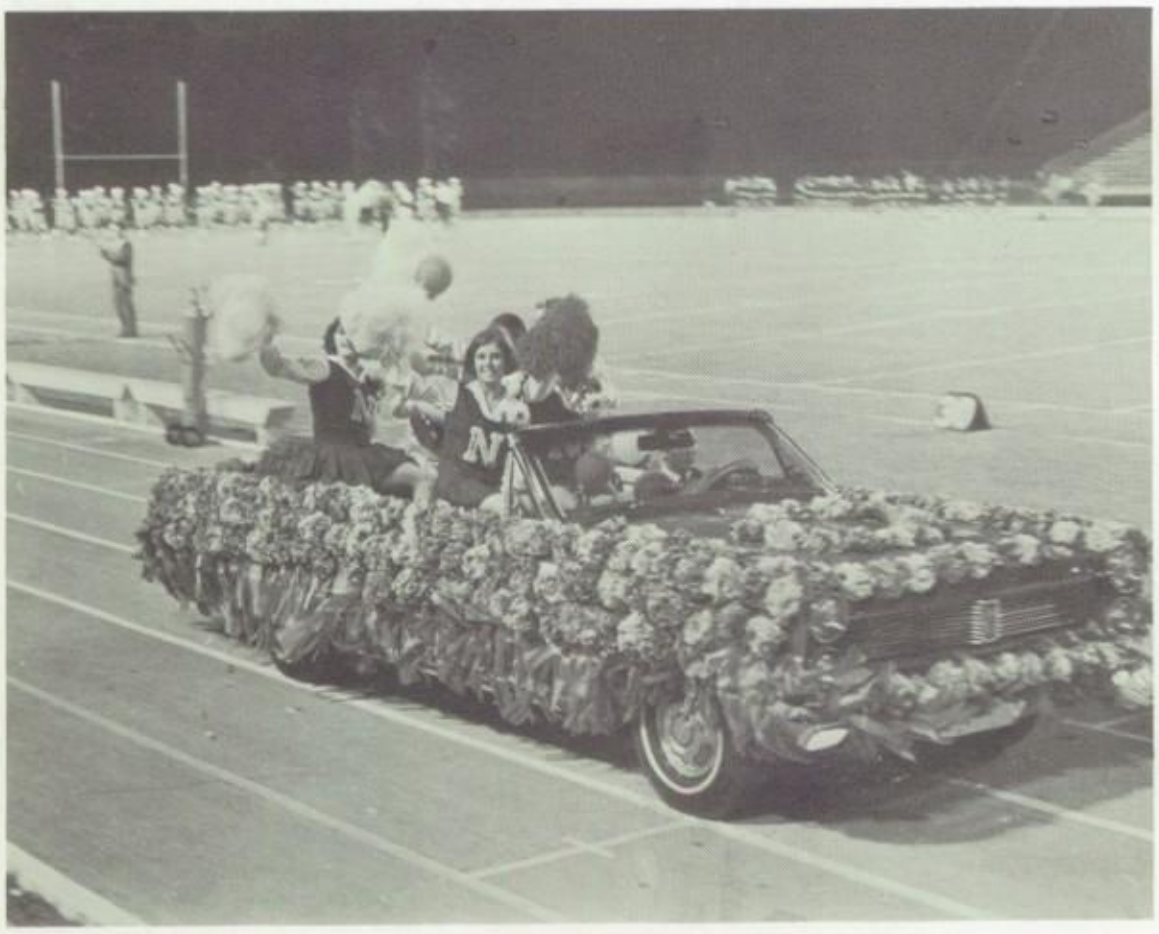
"Activity is the only road to knowledge."



activities



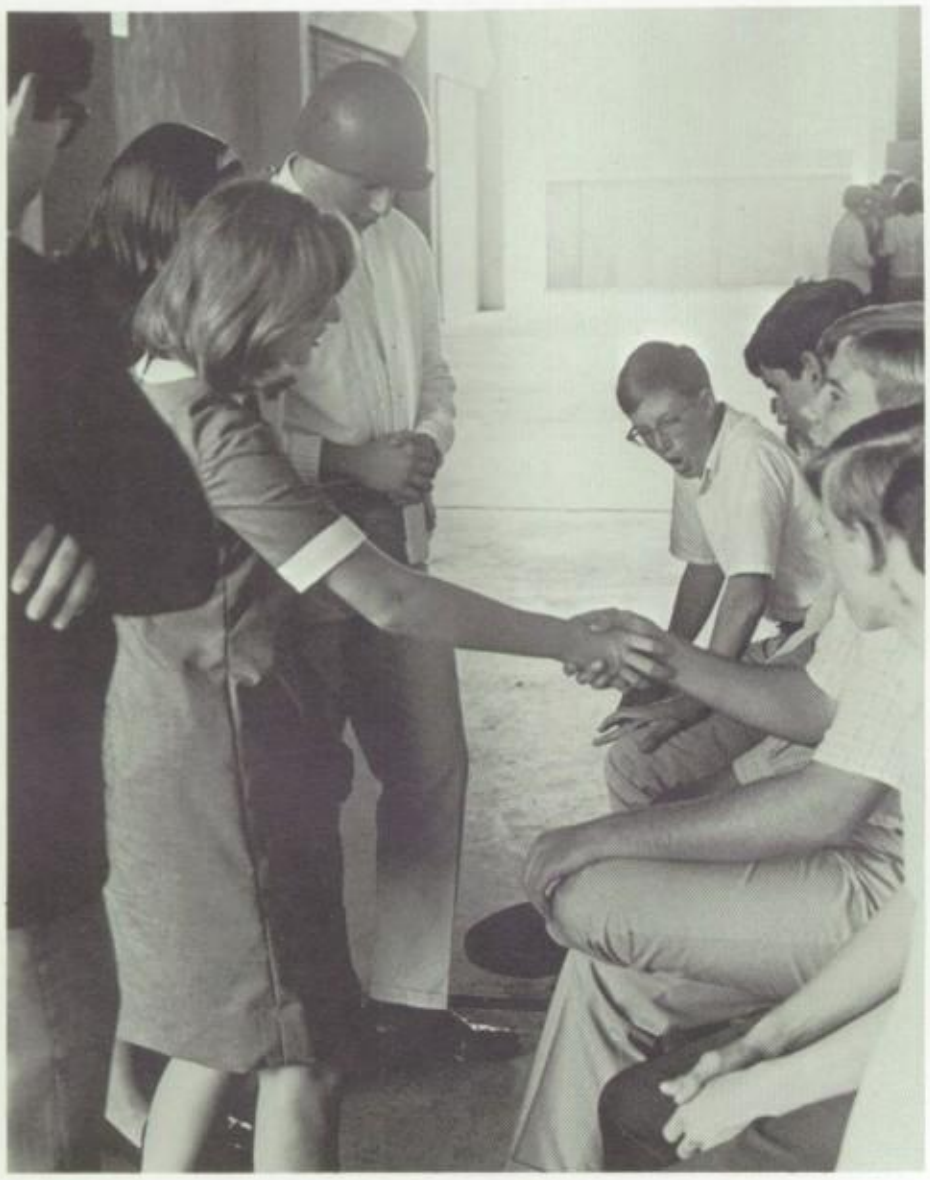
The world is a stage . . . on stage activity at Nova . . . Pep rallies and dances, projects and progress. The first months of the fourth year.

Junior class dance . . . the first step to a glorious prom. The pep rally before "the game" with arch-rival Plantation . . . small scenes of the first act.

"Action is but coarsened thought.... thought becomes concrete, obscure, and unconscious."

Frederic Ameil

The road to victory on which the Titans travel. Anxious seniors order their caps and gowns and test their futures.

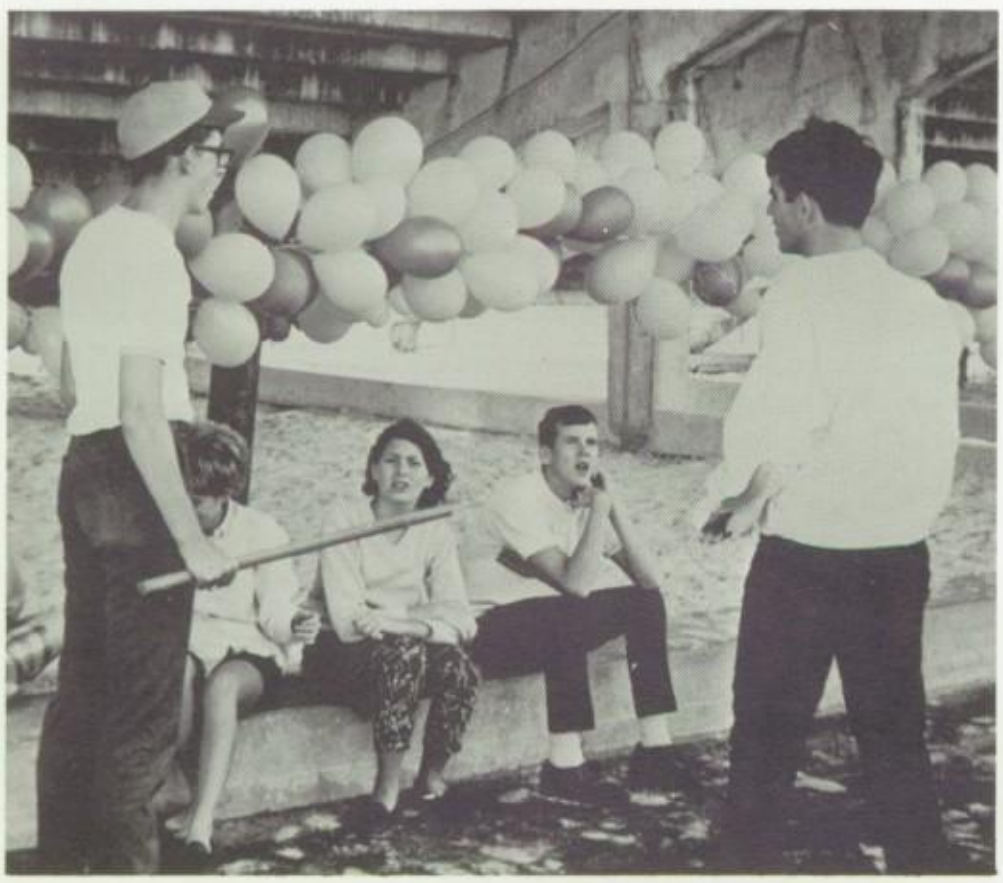


"Constant labor of one uniform kind destroys the intensity and flow of a man's animal spirits, which find recreation and delight in mere change of activity."

Marx

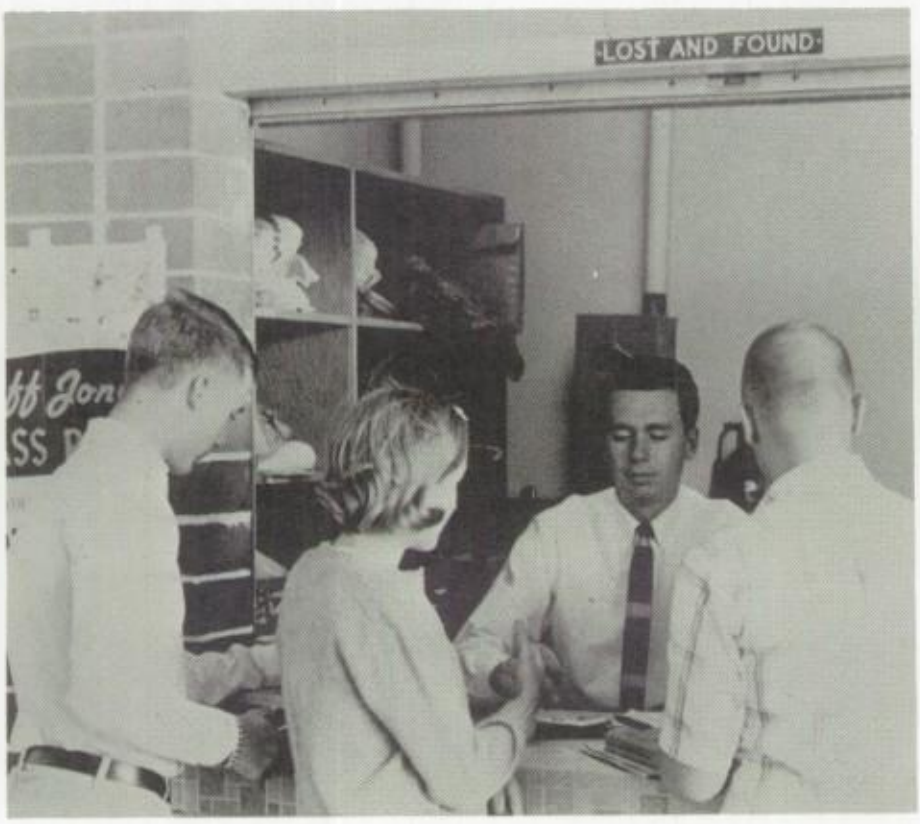
The beginning of the end. Titan Week—the final moments which will soon be memoirs filled with pride . . .

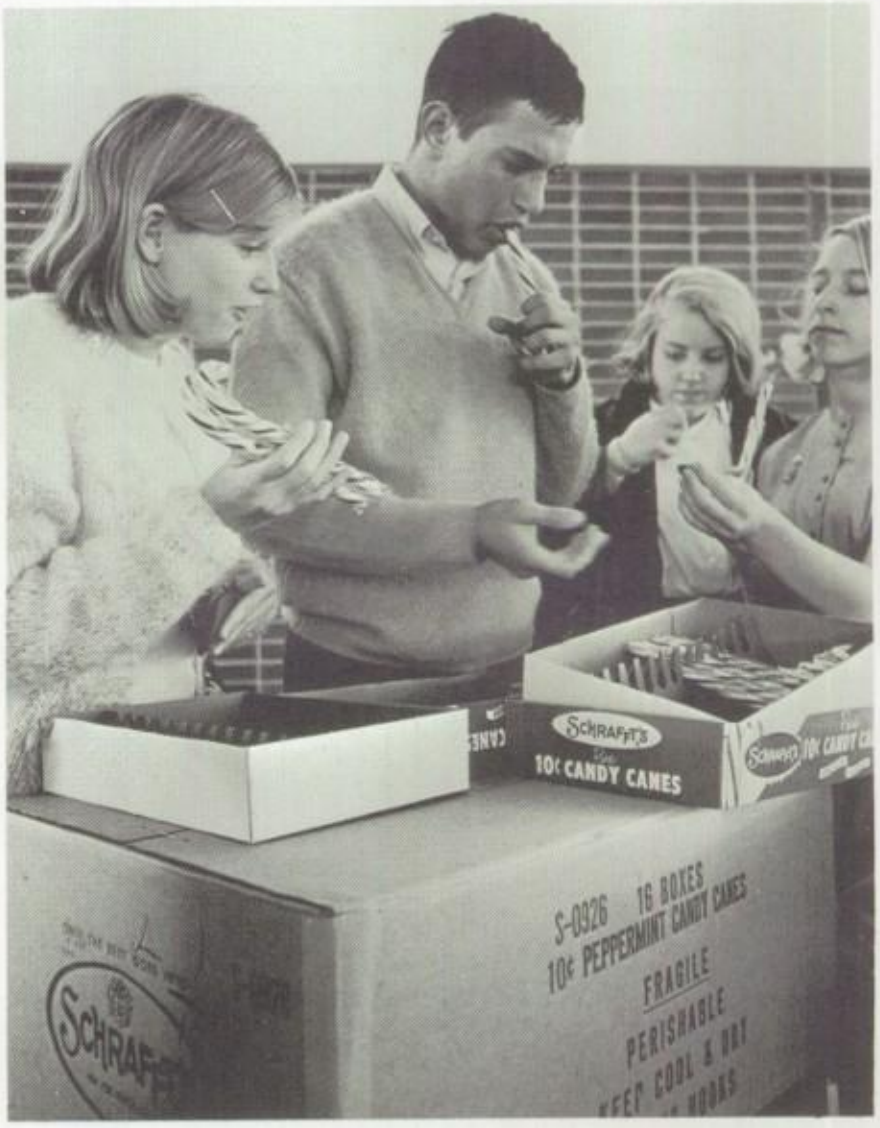
The first homecoming dance, Gridiron Festival, the traditions of activity begin. The court is chosen (Debbie Nigro, Donna Atherton, Susie Stevens, Cyndy Osterman, and Becky Jerue), those who symbolize the true beauty and pride of Nova.



Exhausting work for Titan Week . . . school decorations, floats . . . 3,000 balloons at Lockhart Stadium . . . the defeat of the Dragons . . . the final reward.

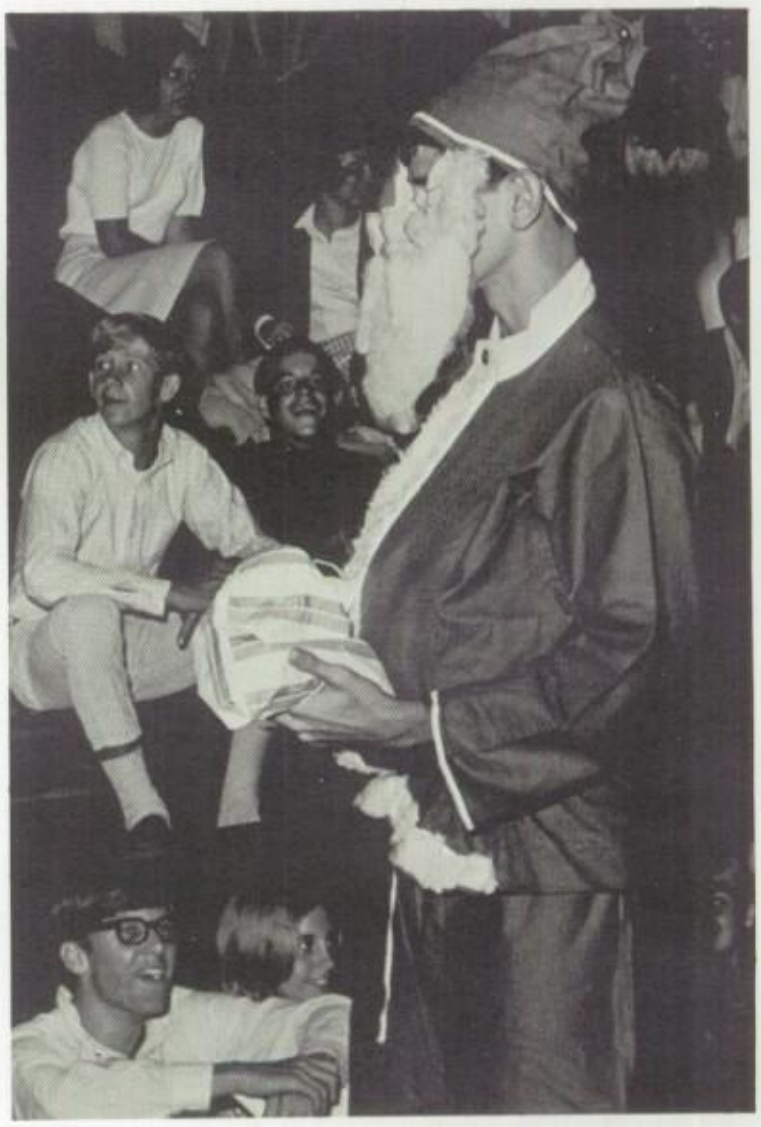
Yesterday is but today's memories and tomorrow is today's dreams . . .





The second act begins. Juniors receive rings for '68 and Keyettes sell traditional lollipops.

Junior Class works hard as prom-time nears and Thespians produce "See How They Run".



Exchangettes sponsor "Snoopy and the Red Valentine" with Debbie Kimberly, Larry Wilson, Karen Sharp and Bob Hall as reigning Nova royalty, as the crowd dances to the music of "Mark Markham and The Jesters".

Valentine Queen and King: Debbie Kimberly and Larry Wilson.

Duke and Duchess: Bob Hall and Karen Sharp.

Sue Worten and Paul Armetta

Who'll soon forget Nova's second musical "Can-Can"—the colorful and exciting sets and costumes, the Can-Can chorus line, the "far out" artist Stephen Petipas, or the duo leads Sue Worten and Paul Armetta?

Stephen Petipas and Kathy Keplinger

Senior Queen: Connie Morris

Junior Queen: Cyndy Osterman

The Junior Class ot Nova cordially invites you to attend "A Night In Venice", March 20, 1967, 8:00 p.m. - 1:00 a.m., Venetian Room-Pier 66, the first and last Junior-Senior Prom. The Senior Court, Dayle Kisslan, Virginia Weldon, Barb Tong, Debbie Kimberly and Senior Prom Queen Connie Morris. The Junior Prom Court — Lorna Synnestvedt, Nancy Atherton, Bobbie Trentham, Donna Williams and Queen —Cyndy Osterman.

Lights dimmed, dinner by candlelight and strolling violinists —all a part of the final activity for the class of '67.

"Nothing is left but majestic memory".

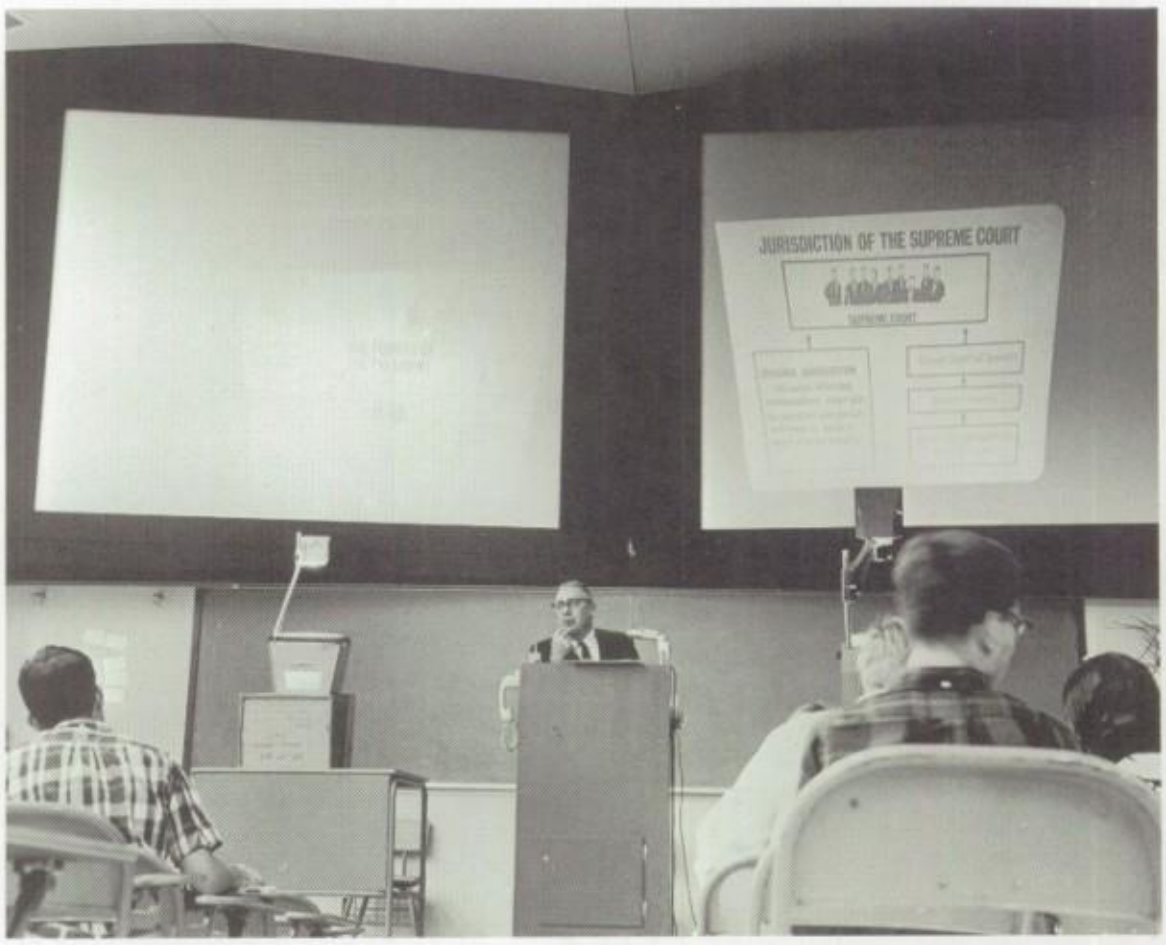
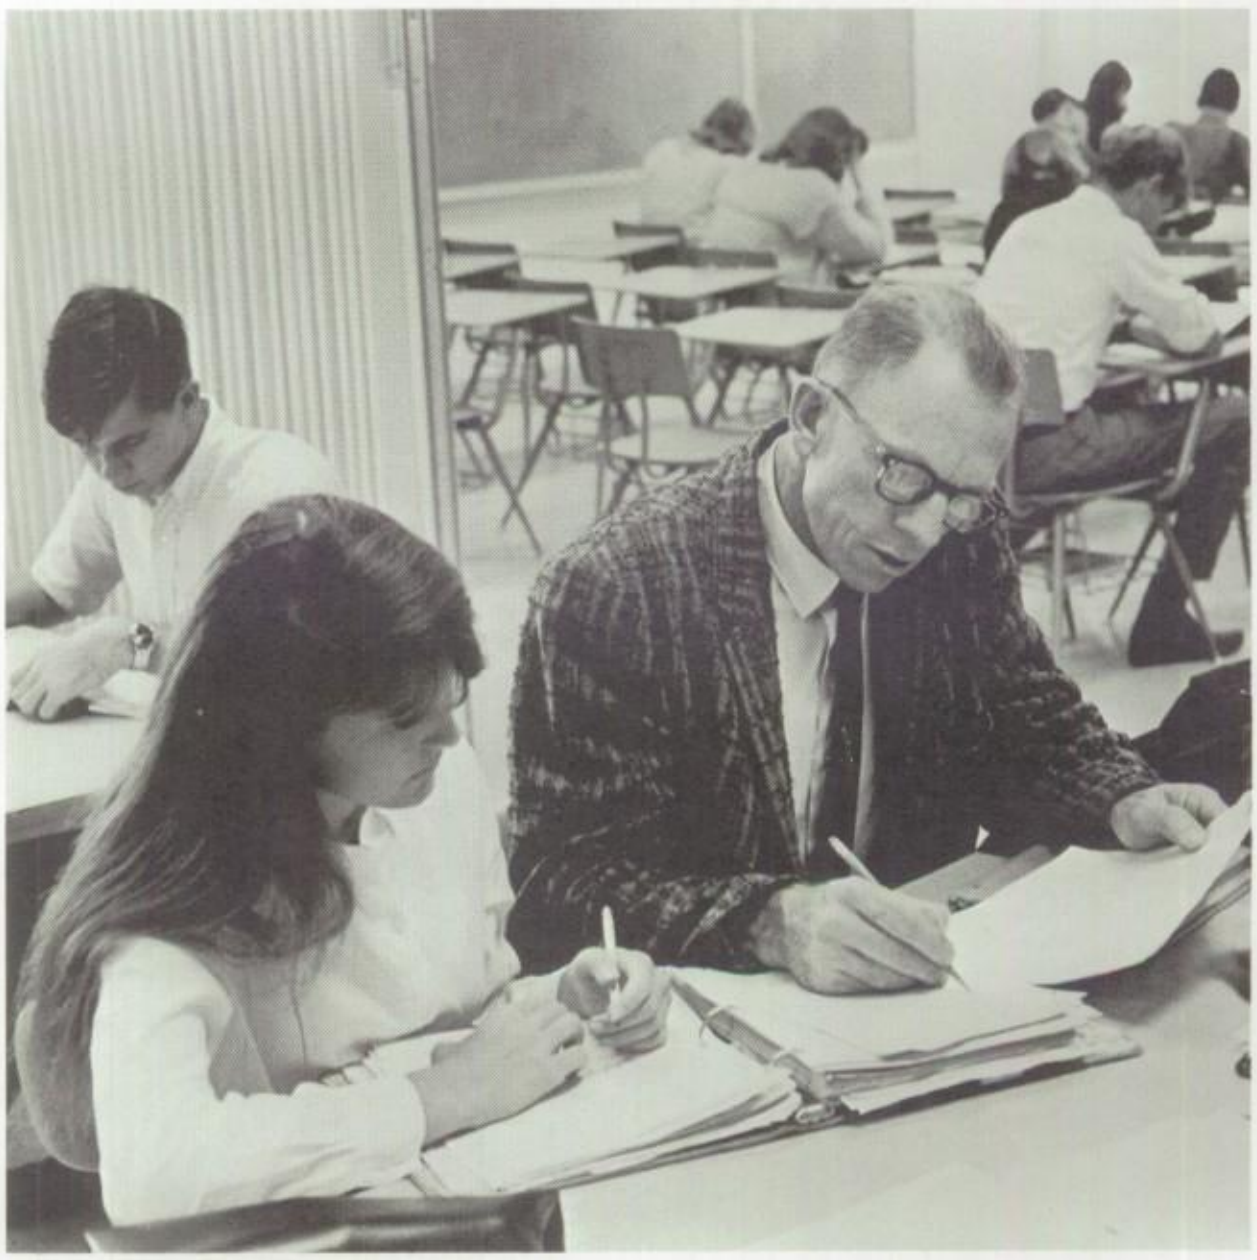
academics

"The result of the educative process is the capacity for further education."

John Dewey

classroom flexibility





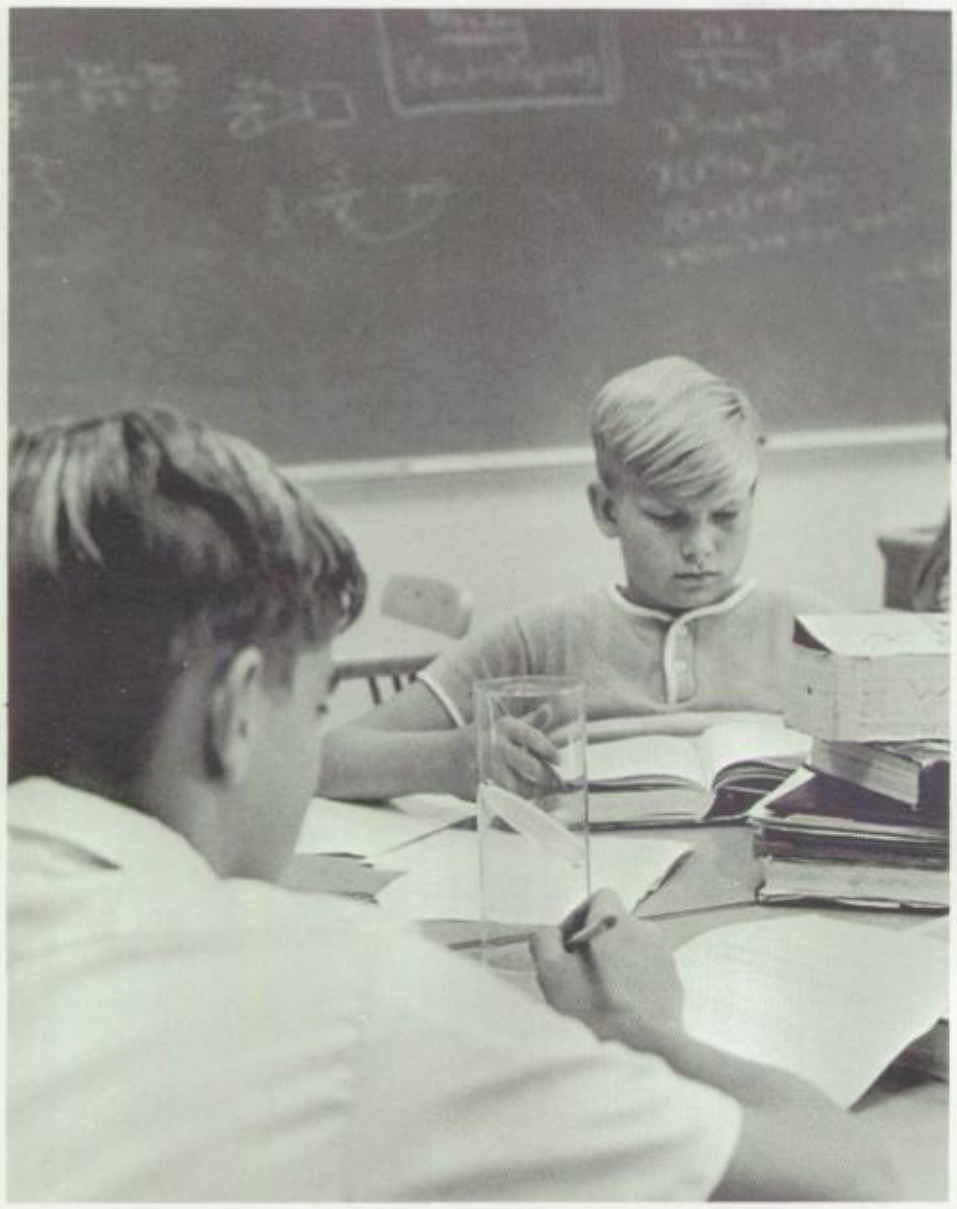
This year, as in all previous ones, innovation and change have taken place. The conventional, or traditional, school's idea of having a 50-55 minute class, meet five times a week was replaced by first a 30 and then a 20 minute module.

This type of scheduling was developed for greater flexibility and to utilize various teaching spaces, such as conference rooms, lecture halls and regular size classrooms.

The mods were generally arranged in groups of two or three and students met during the week in small, medium, and large groups.

The seminar or conference room class, with less than fifteen students, became very important. The normal size class generally became a three mod class, with approximately 40-50 students, for assigning work and discussing class assignments. The lecture groups averaged about 75 students and were used for lectures and testing.

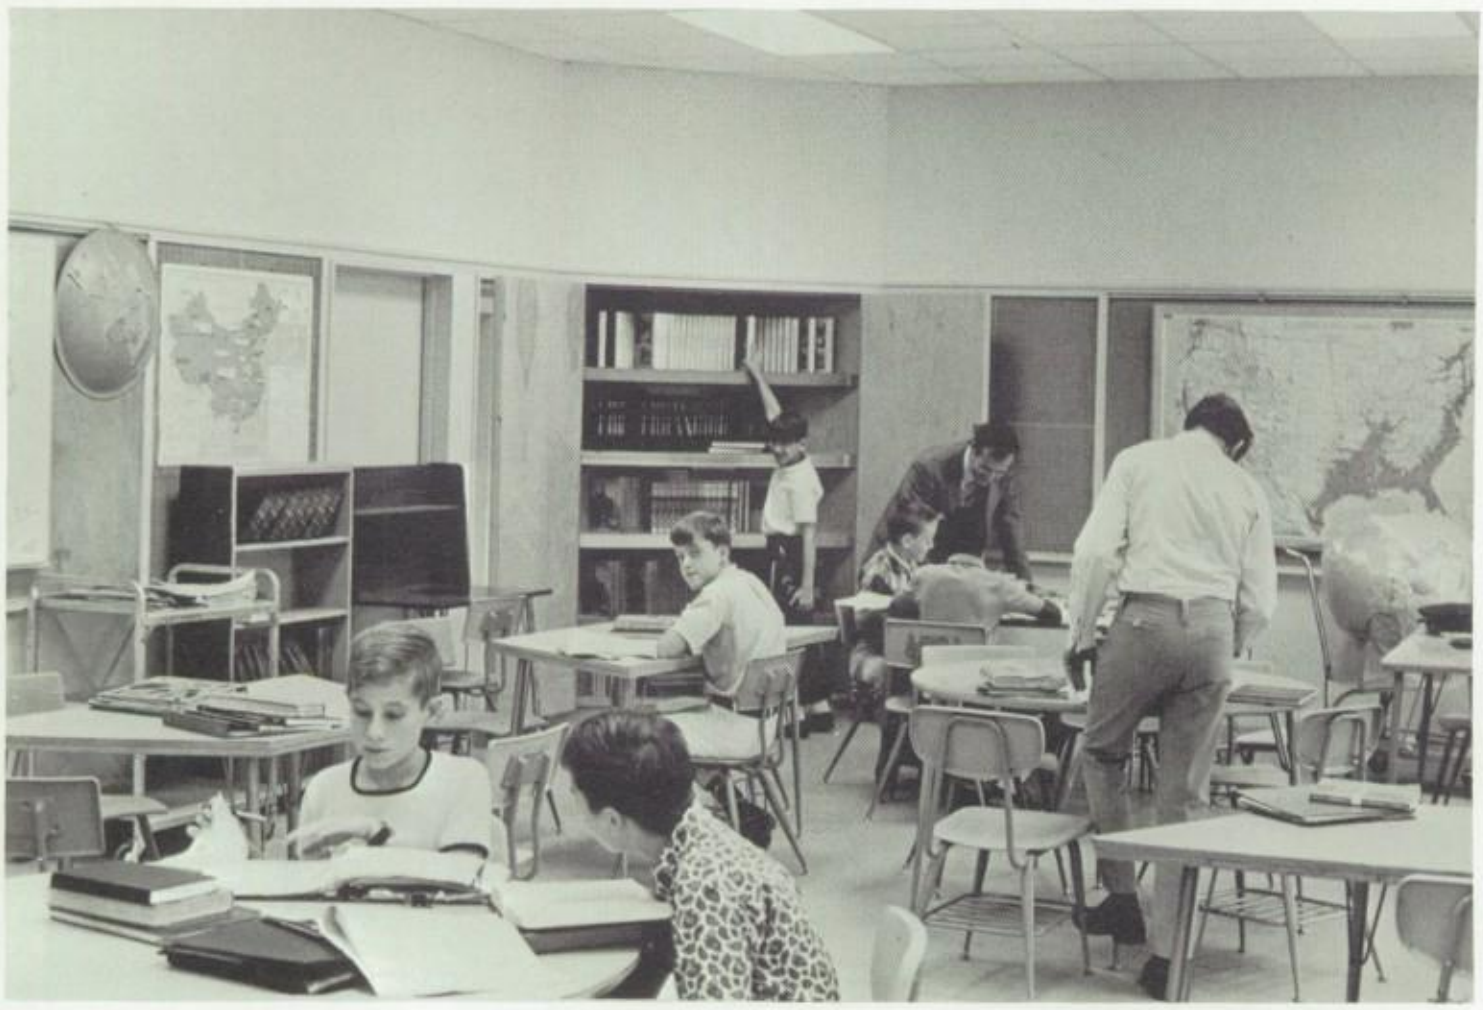
learning labs



A new concept and learning technique was introduced this year, with the setting up of learning labs. The labs were set up in most subjects and were supervised by teachers, who were available to assist the students in their respective teaching areas. In some of the courses' Learning Activity Packages (L.A.P.) there were assignments to be done during lab times.

One of the most effective labs was set up by the Social Studies Department. It was well-stocked with reference books and additional study materials.

These labs show how a well-planned and reference-packed study area can offer a valuable learning opportunity.



independent study

One of the major concepts developed under the Nova Plan is independent study. The major responsibility for the effective use of this time is placed upon the student.

Many of the courses offered are planned on a unit basis which allows the student to proceed at his own rate.

The resource centers are filled with instructional aids for the use of the students, including TV, study and audio carrels and tape recorders.

Some students use their "free" time to work on art projects and even ham radio sets.

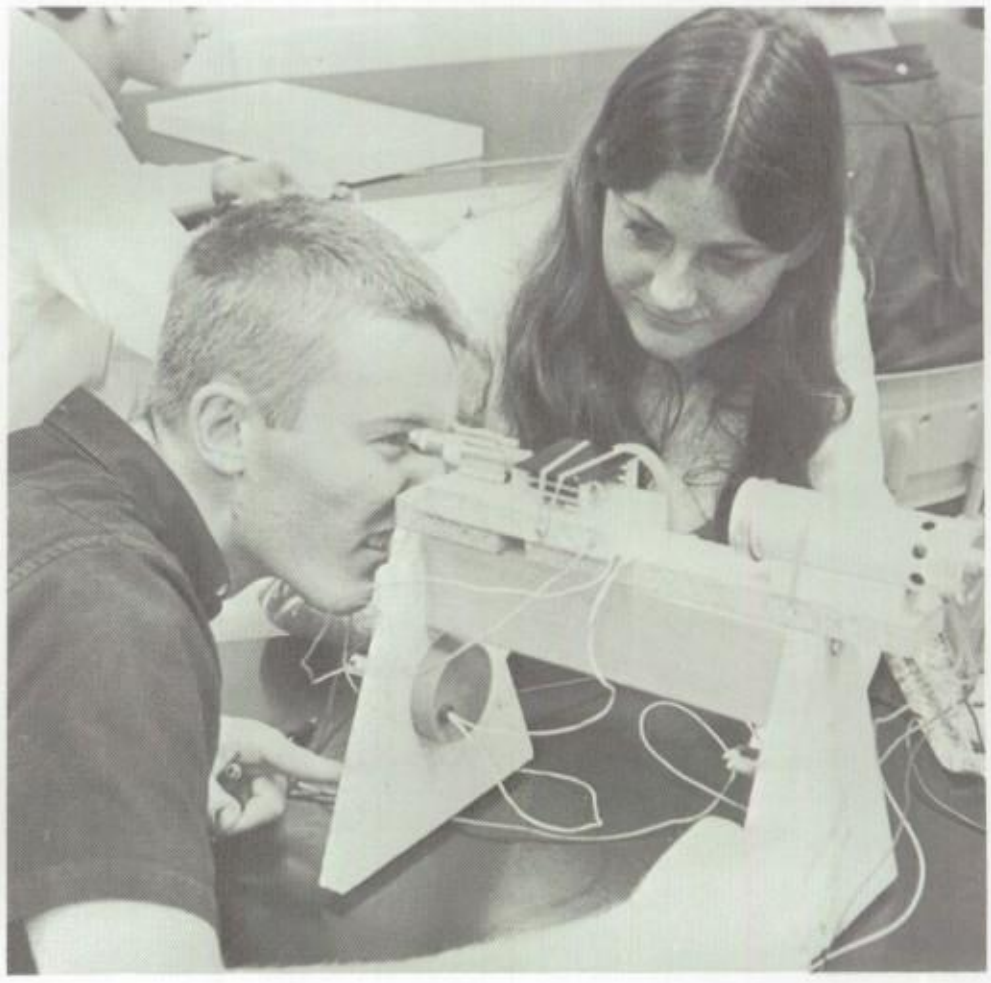
harvard physics project



Another new aspect has been added to the Nova science program: The Harvard Physics Project. This new method of teaching and learning physics has been incorporated in only fifty school curriculums throughout the United States.

The course is designed to appeal to a wide variety of students—from the pre-scientist to the humanities oriented student.

Departing from the traditional pattern of a more or less monolithic course of fixed size, Project Physics is developing a course consisting of six units from the basic text, associated laboratory work and demonstrations, audio-visual materials, programmed instruction, examinations, and teacher guides.

visually handicapped

Three Nova students are proving that they can overcome their handicap. Under the direction of Mrs. Jeanne Stanley, resource teacher for the visually handicapped, these blind students are learning to make their own way in school.

A portion of their school day is spent in the Reading Laboratory in the Language Resource Center. Here they have braille typewriters, books, and other instructional aids which assist them in keeping up with the other students. When not in the Reading Lab they are attending classes and lectures.

The remarkable point is that they have fit so well into the school society and are getting a good education in the process.

UPPER LEFT: Gerry Capron and Gary Keene perfect their chess playing ability. LOWER LEFT: Mrs. Stanley assists Debbie Hazelton in learning how to read music.

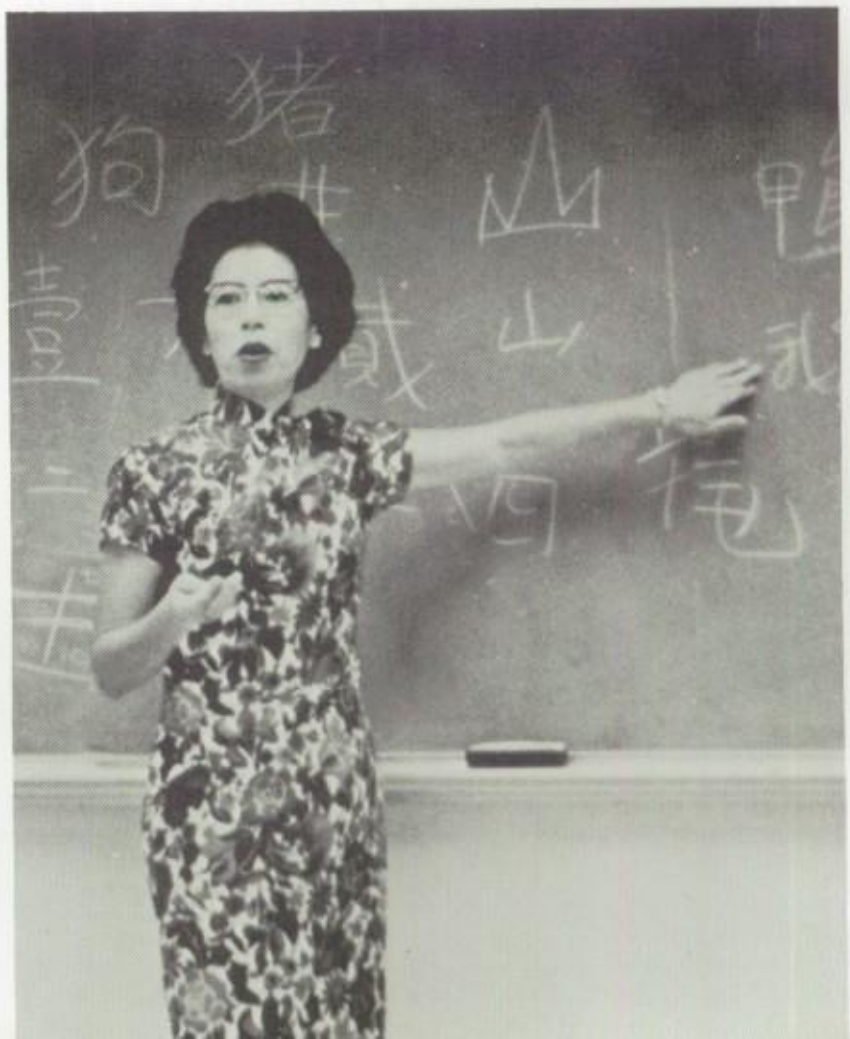
visiting personalities

In every classroom, conference room, and hall the Nova student is constantly the prey of . . . the visitors. Rare is the occasion when they give as much knowledge to the student as they siphon from him.

However, a select group of adults have proven that knowledge comes from experience and satisfaction comes with sharing it. Some of the guest lecturers included a woman from China, a psychiatrist, two marine sergeants, and religious leaders.

Mrs. Virginia Feng, mother of two Nova students, related her experiences in China to twelfth year students.

Just as the East has met Nova in the person of Mrs. Feng, the West has also met Nova in the fatherly western image of Lorne Greene. Riding high in the saddle of Bonanza fame, Mr. Greene came to Nova to appear in a Academic Games promotional film with Mr. Bob Allen.



student projects

This year has been one of the busiest yet, at least from a project standpoint. The construction of a bridge to go over the River Kwai, and rafts for Huckleberry Finn were just a few of the highlights.

Directing and producing Greek plays, and doing satires on everything was fine, but the instant improvisations stole the show. The improvisations were hard enough, but when the teachers started requiring projects that were supposedly optional, we all knew that it was time for the long break that we all sometimes need.

Take attractive, comfortable furniture, quiet yet informal privacy, three well trained guidance counselors, an appointment with the secretary and you are on your way to solving whatever problem you may have.

Nova's GUIDANCE department this year added a new service. There is now a group guidance session for the seventh and eighth graders aimed at helping them become acquainted with the Nova Plan. This enables the students to begin taking courses now which will help them in later years.

Other services the guidance department offers are solving problems concerning education, personal problems and even vocational plans. Scholarship information is also available along with help in deciding which college is best for the individual student.

Individual, that's the key word in the department. Help for the INDIVIDUAL . . .

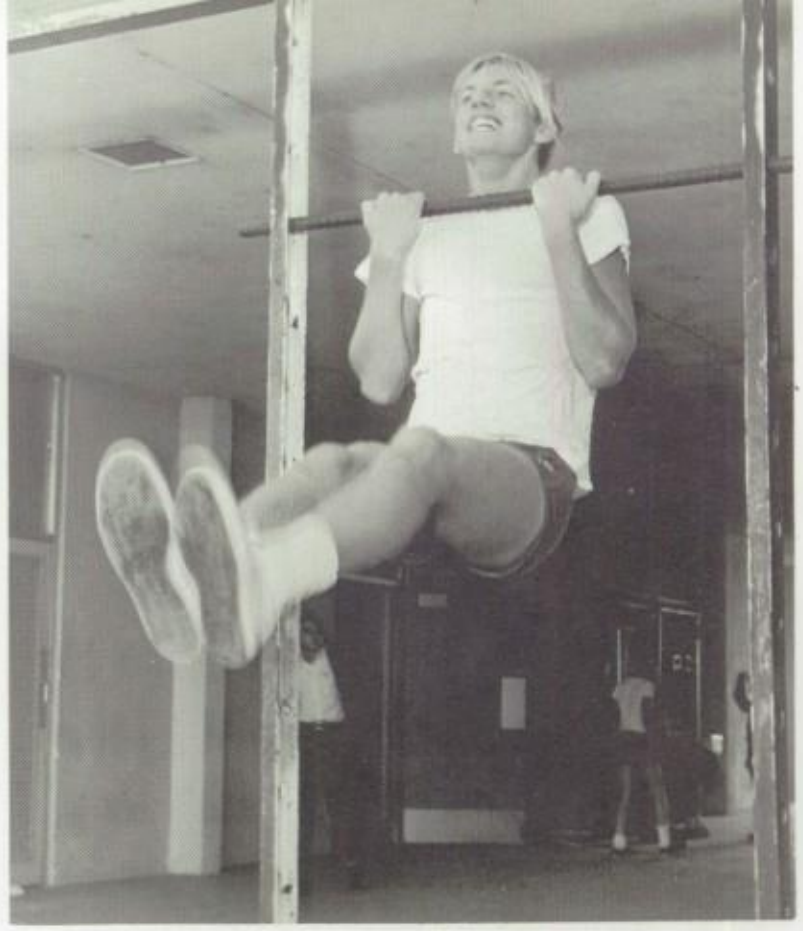
guidance

physical education

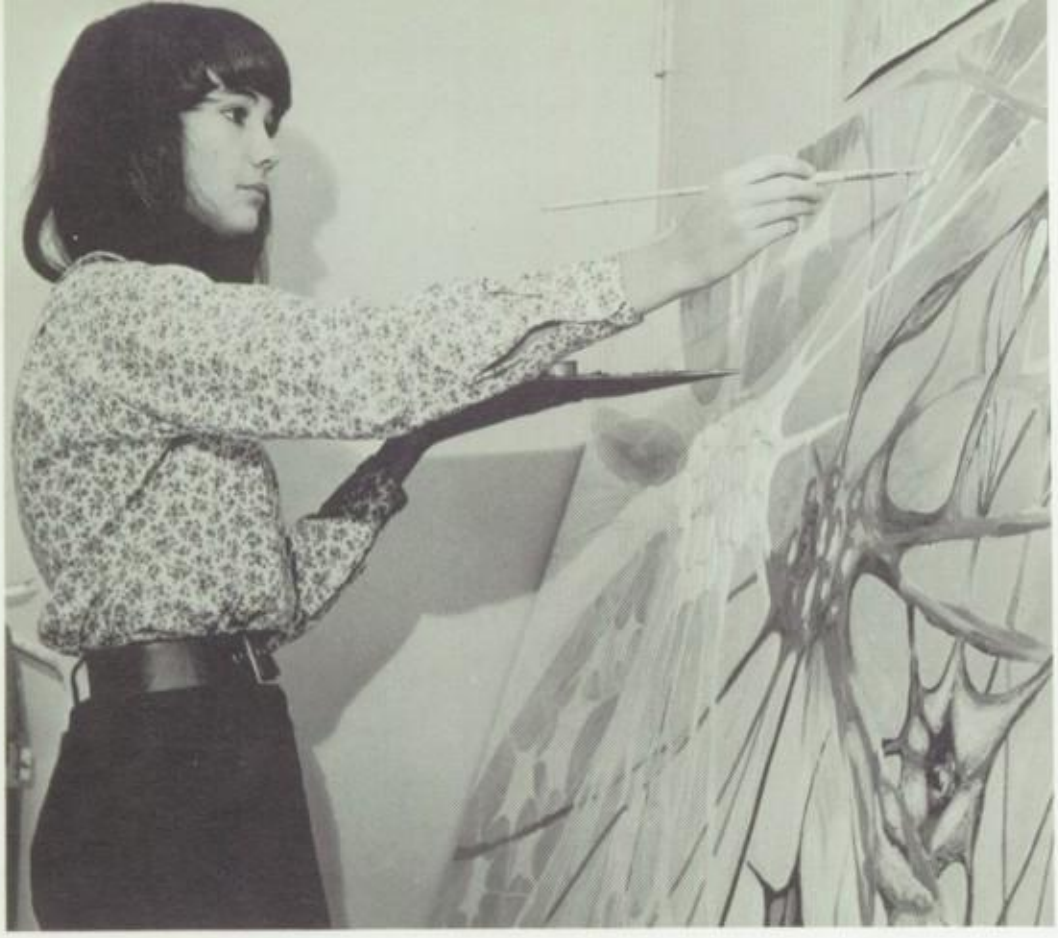
A "strong mind in a strong body" is as important today as in the days of the Greeks. With the increasing air of competition in today's life, man needs to have a healthy interest in sports activities.

Nova facilitates this in its' physical education program. In an attempt to strengthen and coordinate the body, the boys department has activities such as gymnastics and wrestling.

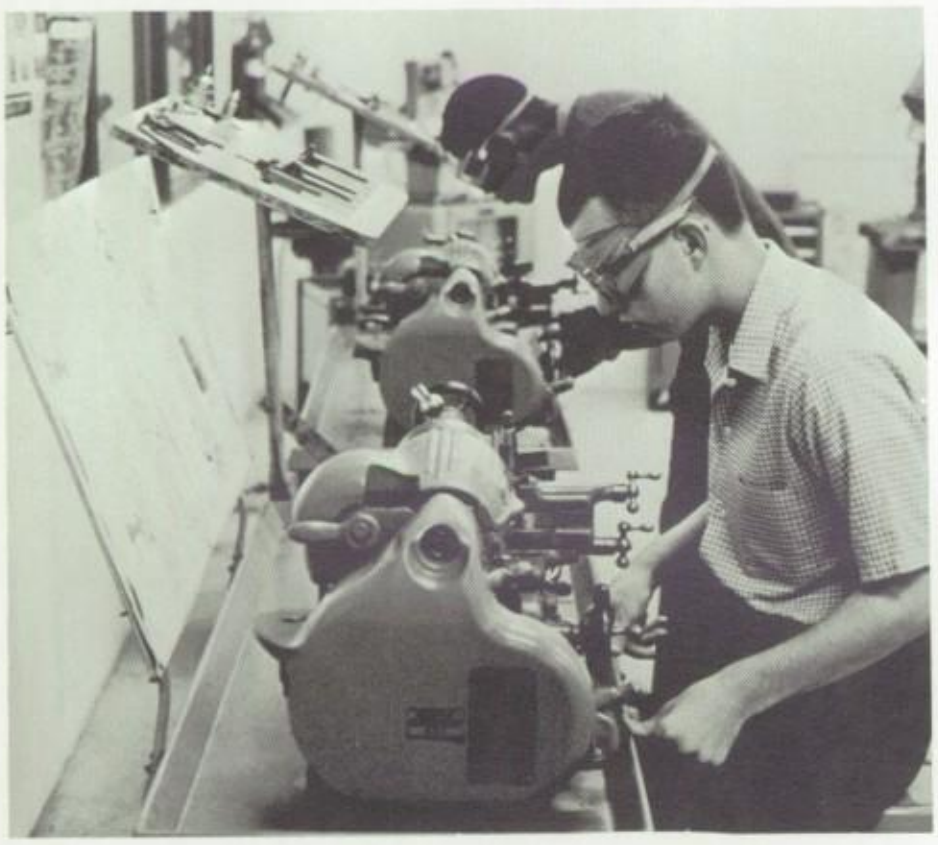
One activity that has gained much attention is the girls' modern dance program. This is for developing poise, grace and confidence.



technical science



Liz Surina



The Technical Science Department played an important part in the development of the student for technical skills to fit the needs of industries and professions.

The courses offered included art, business education, drafting, electronics, graphic arts, home science, mechanical technology, music and traffic safety.

Individual projects were an integral part of the courses, especially in Home Science and Art, where individual expression was encouraged.

resource centers

Many changes have come to the resource centers this year. Some of them are; the addition of Mrs. Anne Howard, bringing to two the number of library assistants, an $1,800 book order, bringing the number of volumes to 12,000, and the addition of a microfilm magazine copier, and a microfilm viewing machine.

The new books and microfilm machines give the students a greater variety and choice of material for research projects, depth studies, and supplementary readings, fulfilling the Nova ideal of independent study.

Plans are now underway in preparation for the fall opening of Nova's fourth resource center. This new center will take over the main office and cataloging functions now located in the Language Resource Center.

interns

This year over 23 interns, warmly referred to as "DI's" by their students, tried out their teaching skills and or "magic" at Nova.

Doing everything from grading papers, to giving lectures and watching over SOUST mods, this elite group gave the school added variety and appeal.

Coming to Nova in August, September and October of 1966, the interns from Florida Atlantic, the University of Florida and Florida State, received an opportunity to observe Nova students in "action".

In January, 12 more interns from the University of Florida and Florida Atlantic came to Nova, completing their tour of duty in April.

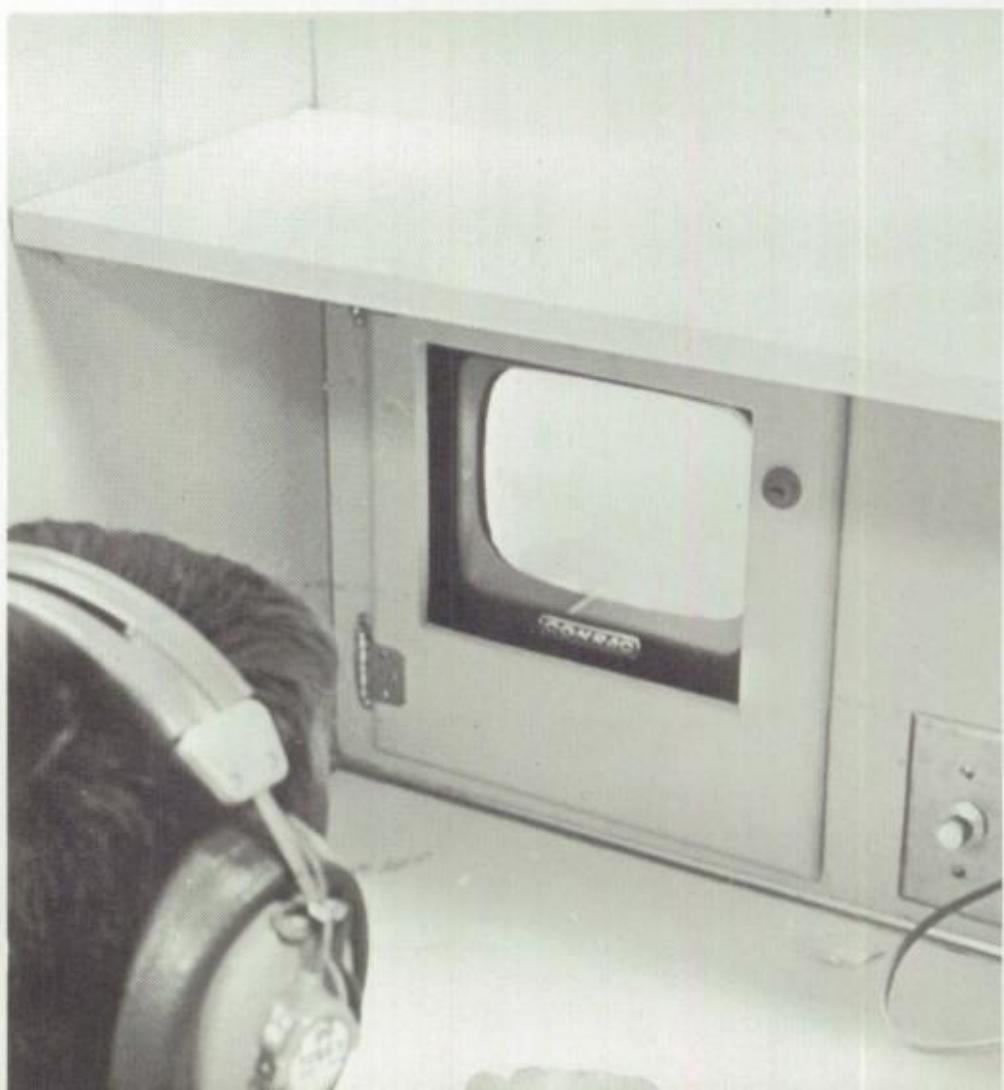
nova television

"Hello World" is the saying that reaches the weary ears of every Nova student each morning before completely waking up. These words are broadcast over Nova TV.

In this show, completely produced and directed by students with the aid of two licensed technicians, the AdCom rooms are informed of school activities.

Nova television facilities are majorly used, however, in showing video-taped lectures and movies. Thus, the teacher has more time to give students personal attention.

Yes, Nova television is an important factor in the development of new teaching methods.



TOP: Lynn Williams and Larry Rigg get cue from Dave Alshouse to begin "Hello World". MIDDLE: Lester Crudele at master control.

LEFT: TV technician Mr. Jerold Trago and Andy Rosenberg. BOTTOM: Mr. Orput, Walter Davis and Paul Register.

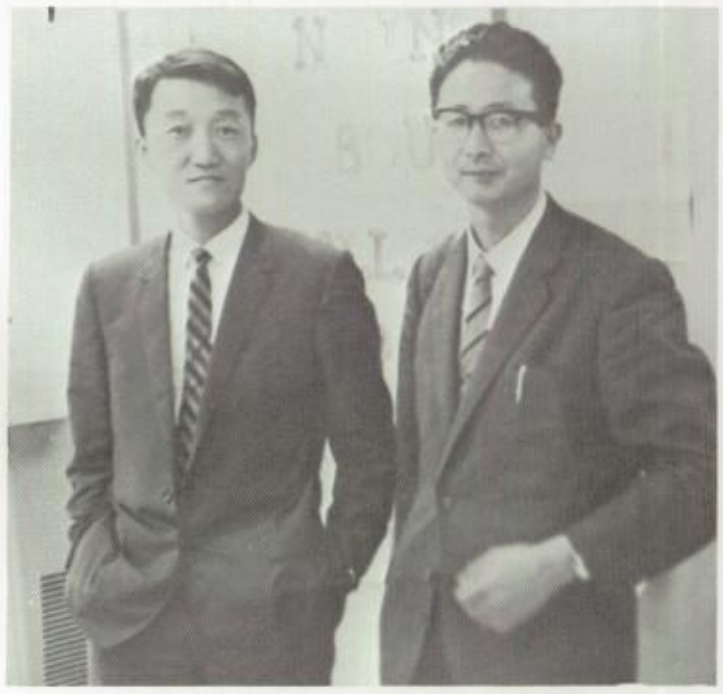
visitation program

Did you think there were a lot of visitors at Nova this year? There were; almost 5,000 roamed through the corridors of Nova High.

Under the direction of Miss Sally Arnoff, Nova has a visitation program that arranges tours and seminars for these guests.

The visitors formed an international set, coming from England, New Zealand, the Netherlands, Formosa, Chile, Canada, Puerto Rico and Venezuela. They included school superintendents, British government officials, members of the United States Office of Education, architects, and foreign students.

Among the more notable celebrities to visit Nova were Lorne Greene, star of "Bonanza", and Dr. John Killian, president of the board of M.I.T.



nova building program

Next year expect to see many new faces at Nova. This will be made possible by the additions now in progress, which will house approximately 600 more students.

The buildings, to be completed in the fall, will include a new English-social studies building, a music building, a planetarium, and an administrative annex.

Also included is a bigger TV studio, a new tech. science building with photo labs and advanced graphics facilities, and a science building with more labs and space for individual experimentation.

Looking over plans for Nova additions are Mr. Dave Fitzpatrick, Dr. Arthur Wolfe, Mr. Stuart Synnestvedt, and Dr. James Smith.

"Roses are red
Violets are blue
We're in exchangettes
And so are you!!"

So began another productive and progressive year for Junior Exchangettes. Under the leadership of Ellen Bluestone, the Exchangettes started off the school year by helping students at registration.

School spirit was of great importance as they guided visitors during the open house, sold pep dolls, and had an Exchange Spotlight Week on Nova television. S.I.P. and "Junior Exchangettes for Nova Titans" tags were worn by the spirited members.

Early one Saturday morning, in November, the 29 new members were introduced to the life of an Exchangette. A surprise breakfast, a week of induction and corsages, were followed by a slumber party.

Early in the year a Vietnamese child was adopted.

The year was a good one for service . . . handouts to encourage citizens to vote, collecting for multiple schlerosis, Christmas seals for the "Exchangette Express" . . . operating the Lost and Found, working with the Day Care Center, and a donation of a redwood table for club sales.

Exchangettes started the Cots for Tots drive on the school service club level.

On the 14th of February, Valentine corsages were worn by many and then "Snoopy and the Red Valentine" dance . . . Exchange club appreciation . . ." . . . If you've got a job to do we'll be glad to serve you . . ."

"Where's that hot water bottle? Do you know what I did with the whiskey bottle I was supposed to enter with? Oh! I'm scared!!" Thus was the scene behind the set of the first night of "See How They Run". The first of three successful nights of the biggest production of the newest club at Nova and another first for Nova, the NATIONAL THESPIAN SOCIETY.

Dedicated to the dramatic arts, this club is designed to give interested students the opportunity to work on the stage, either behind the scenes or acting.

"Act well your part; there all the honor lies."

latin club

Latin Club activities began in October with a trip to Sarasota. In the art museum they traced the influence of classical mythology on art. After returning home, the club held a reception for area students to meet Father Richard O'Brien of Georgetown University who spoke on linguistics.

At the next meeting the members toured Greece and Italy through slides shown by Lanette LaBar.

Students from the district helped the club celebrate the December Saturnalia. The club observed typical Roman customs, such as mimes, dice games, and exchanging decorated candles.

In January the patio became a maze of cold, dark tunnels, and guides led new initiates into the catacombs. Although pursued by hostile soldiers they arrived in a secret room where they were inducted into the Junior Classical League in a candlelight ceremony.

Latin Club competed in a District Forum in February and came home with many prizes. Next came the State Forum in Clearwater, and finally—the banquet.

The theme was Ludi Florales. Queen Flora crowned the victors in the races and the slaves served a sumptuous feast. Sic fugiunt dies . . . so the days slip away! To the seniors . . . AVE ATQUE VALE . . . Hail, and farewell!!

s.g.a.

1966-1967 for S.G.A. was a year of new status and hard work. A year of achievements and disappointments, of discussion and projects. Indeed, a very good year.

Spring 1966 was election time, with all its ballyhoo, campaigning, and of course, speeches. Who can forget Mizell's oration, Vander Veer's "strip act" (symbolic), Elliott's charm and sincerity, and Sterngold, the sophomore.

Summer brought planning and organization for the fall, with a week at a summer workshop at Stetson University to help the officers.

The new school year meant electing representatives. Mr. Fred Fraser, advisor, welcomed 10 sophs, five juniors, five seniors. An elegant installation ceremony capped the event.

With the ballyhoo lost and the ceremonies over, it was time to get down to business. Chartering Clubs. Titan Week (boy!). The Clothing Drive for needy children. Pep Rallies. The Lunch Committee. But best of all, being elected executive board member of the Florida Association of Student Councils, District VI. To top it off, a very good rating by the student body with the trimester evaluation.

The second trimester saw the fantastic School Improvement Program blossom, the constitution revised, the Leadership Conference for all new school club officers. Not to mention, ad-com meetings, posted minutes, T.V. talks, and donating an official school flag.

Everything was done through permanent committees—Constitution, Service and Courtesy, Evaluation, Assembly and Social.

Overall, a very good year.

Signs of growth are always shown in changes; changes for the better are signs of real progress. Under the leadership of Mrs. Pat Novak, for the fourth year, the council's theme has been progress.

The only Jr. High organization, representing the seventh through ninth year levels, the council directed or took part in the clothing drive, the after-game dances, the student surveys, the revision of the constitution for both councils, the exchange days with McNicol Jr. High, and the general planning to secure the organization of next year's student body.

The faculty committee spent a great deal of time evaluating over 90 boys who applied for membership in Interact.

Organization has been the big word this year. Starting out with $0.00 in the treasury was quite a blow when Titan Week rolled around. The lecture halls and their float really looked great . . . even with borrowed materials!

As the year progressed Interact's meetings became more organized . . . with the help of **Roberts Rules Of Order.**

The flickering of lights at the Anchor-Interact party . . . the Exchange-Interact basketball game . . . Nova license plates . . . and new services rendered by the enthused new members, made the 1966-67 school year a "great" start for Interact.

The newest girl's service club on campus this year is Anchor Club.

One of its major projects was taking part in the School Improvement Program. Keeping the resource centers clean and orderly was a bit difficult at times, but their willingness to try and help improve the school was obvious.

Some of their other activities have been: collecting for the Cots for Tots drive . . . making Christmas decorations for the South Florida State Hospital . . . installation of officers . . . writing the club's constitution . . . ushering for the Thespian's first production . . . sharing in the cost of the Nova Christmas tree . . . car wash . . . and collecting dresses for underprivileged children.

Anchor's off to a good start and next year may prove to be the BEST!

key club

The BIG word with Key is SERVICE . . . lots of work coupled with having fun doing it.

The list of service is a long one . . . collecting books for the Tutsies, the Sadie Hawkins Dance, cleaning up the lake, laying sod in the parking lot islands along with their "buddies" the Exchange Club. Planting trees, Titan Week and the bulletin board, plus many other projects made the Key Club a busy group in 1966-67.

Each and every Key Clubber tried his best to do what he could for the school and the Nova image.

The Nova Future Teachers of America began the 1966-67 school year by consolidating the junior FTA and senior FTA into one school-wide club. This brought new strength to the club, and enthusiasm was high with big plans for future projects.

Among the club's activities during the year was a field trip in which the girls spent time in county elementary schools. They also sold Nova stationery to earn money for the state convention next year.

The club was glad to have some male members this year and hopes more will become interested in the coming years. You can expect big things from the Nova Future Teachers in 1967-68!

Mr. Ed. Spry—Choral Director

The biggest event for the Nova Band was the joint concert with the Ft. Lauderdale H.S. Band, at the War Memorial Auditorium. In January, Cheryl Ussery and Bruce Gora represented the band at the State Band Clinic in Tampa.

Members of the Novus Choralus, were active in the production of "Can-Can". One of the main highlights of the year was when Sue Worten and Brady Born represented the chorus at the State Vocal Clinic.

The Beginning Chorus, initiated this year, made its debut at the Holiday Concert, along with the Novells and the Novus Choralus.

The Novells had its first concert last year at the Second Presbyterian Church, along with the Novus Choralus.

para-medical club

The purpose of this club is to familiarize interested students with the various fields and opportunities available in medicine.

Working for doctors is the club's main project. Each member worked for a doctor, doing various jobs throughout the year. In return the doctor donated money to the club.

Different medical institutions have been visited along with doctor's offices, Sundial School and Florida State Hospital.

Doctors have attended regular meetings with the club. They were from various fields of medicine such as dentistry, radiology, pediatrics and psychology.

The Para-Medical Club is indeed one in which the members will gain valuable information with which to pursue their chosen medical fields.

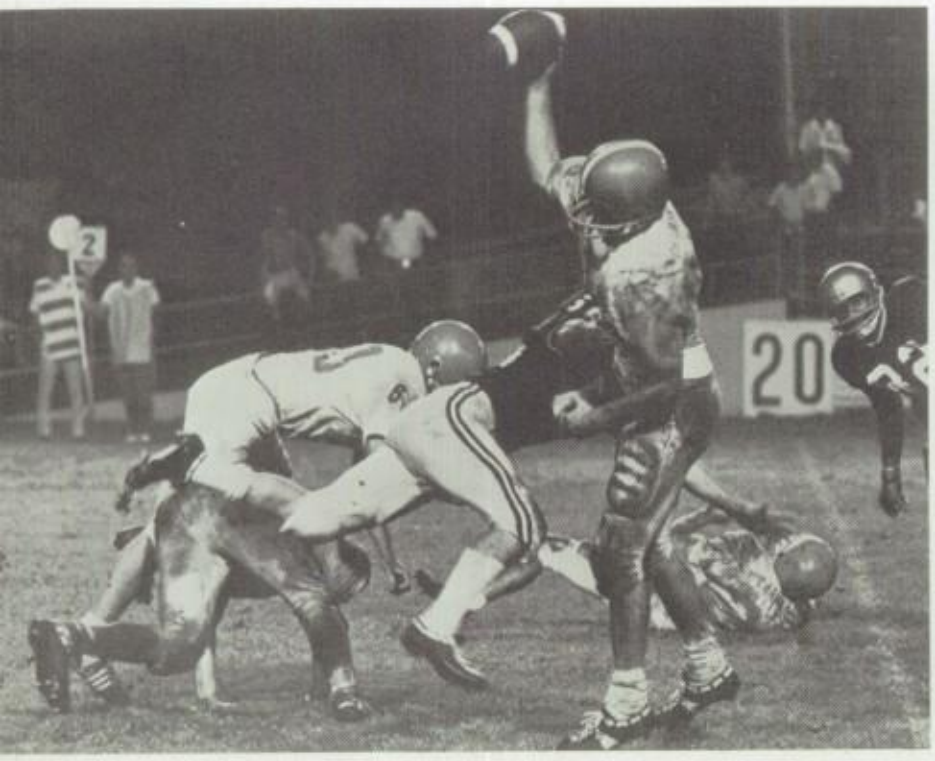
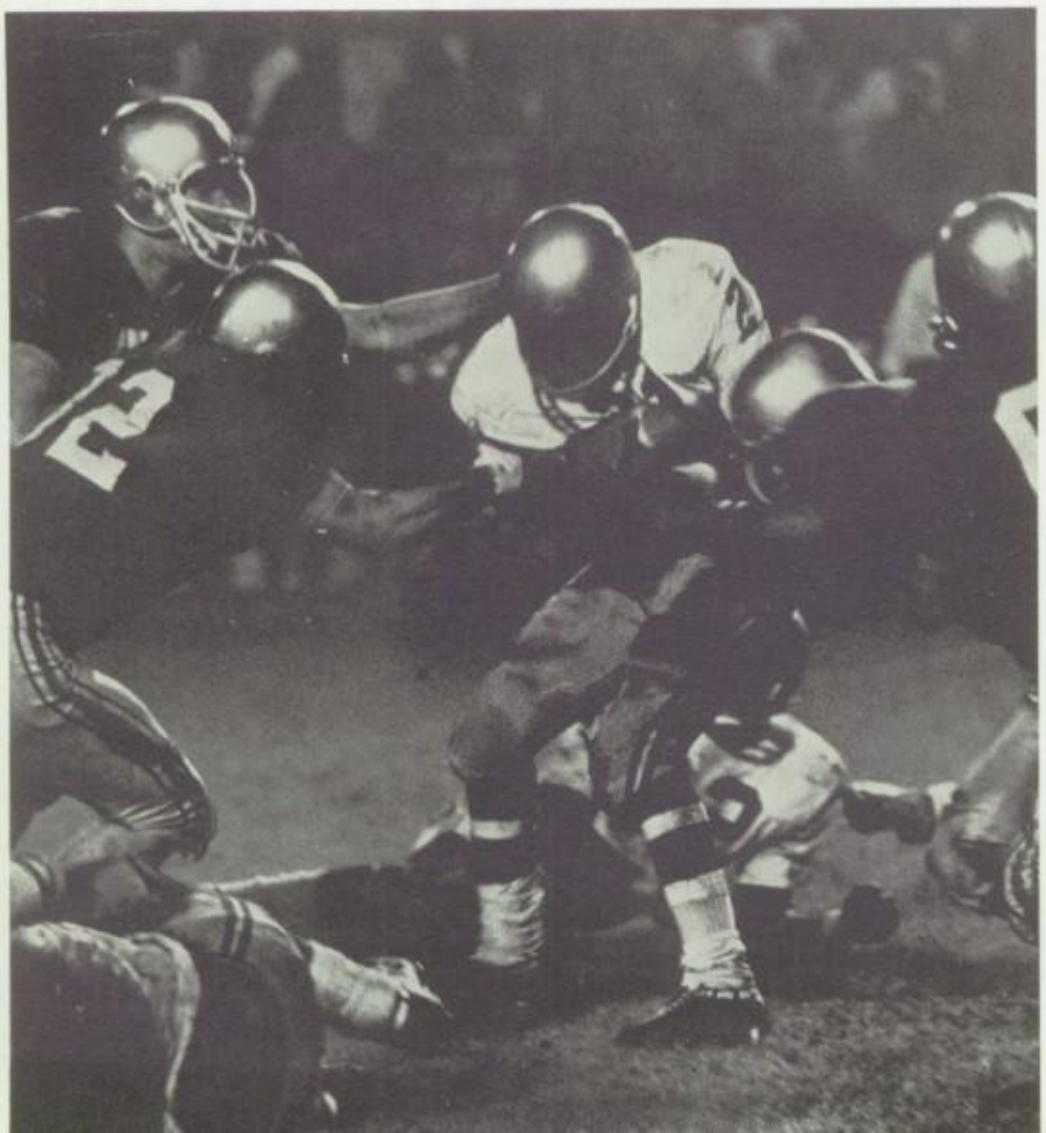
The 1966 football season appeared to be a definite rebuilding year for the Nova Titans, with only seven lettermen returning from the Region 4A championship squad of "65". The major problem was replacing the entire line from tackle to tackle.

After key injuries to tackle Troy Jordan and linebacker Charlie Forman, in an opening loss to crosstown rival Chaminade, the players began to play with a dedication typical of Nova's Titans. This resulted in eight straight victories, with upset wins over Pahokee, Plantation (Region 4-A champions), Ft. Myers, and Stranahan (both AA powerhouses).

The 1966 football team was a combination of courage, fortitude, humility, teamwork and pride. They were an outstanding squad and adopted "Prove with Pride" as its motto.



UPPER LEFT: The opposing Lion quarterback feels the sting of the Titans. UPPER RIGHT: Willie can't hide his joy (?) after the Stranahan victory. LOWER: Coach Ed Boyack aids Co-captain John Standart.



"Considering the apparent lack of material and the tremendous odds against them, this season was the most satisfying in Nova's history", Coach Sauve stated.

He and his assistants, Ed Boyack (line) and Pete Cavari (backfield) are to be commended for instilling in the team the spirit needed to win.

The boys really reaped the post-season honors for this fine season. Co-captain Larry Wilson was placed on the All-County first team and he received honorable mention on the All-State team and was the Ft. Lauderdale News' Player of the Year.

Larry Martinez was also on the All-County first team as a defensive end, and was a first team selection on the All-State defensive squad.

Willie Gooden again led the county in rushing with 1,188 yards, and he captured the scoring crown with 96 points. With jaunts like the 92 yrd. TD run against Miami Military and a 79 yrd. kickoff return against LaSalle, Willie was a real Titan standout.

The second team All-County was also loaded with Titans: Co-captain John Standart—offensive tackle, Ray Hull—defensive halfback, and Pat McQuaid—defensive cornerback. An intercepted pass against Ft. Myers, which he returned 98 yards for a TD, and a fumble recovery returned 94 yrds. for a TD against Stranahan, were two of the key moves by McQuaid.

With a fine crop of returning lettermen for next year, Nova's football future seems bright, even considering the tough AA schedule they face next season.

The Junior Varsity football team ended its season with a six and two record. Impressive? It sure is, when a Class A team is playing against AA competition. They defeated Plantation and every AA team they encountered, except Pompano, and these teams will be the powers in the county and probably the state next year.

In addition to a rigorous schedule, Charlie Forman, John Ordung, Ron Chadwick, and Glen Diebert all performed so well last year that they were moved up to the varsity at the start of this season. Then Steve Downing and Rick Brautigan were moved up during the season. These boys weren't the whole team, but losing six players of their caliber would hurt any ball club.

The JV's, however, showed what fine ability remained as they went on to six victories.

An example of the team's versatility was demonstrated in the South Broward game. After checking off the original play at the line of scrimmage to a fullback dive play, quarterback Steve Downing was forced to improvise again when a mix-up occurred in the backfield. He subsequently ran 59 yards around end for a touchdown.

In spite of its disadvantages, the JV team lived up to its motto, "Victory Bound", and with the diligent coaching of Paul Woodall and Jack MacDonald, went on to be the "winningest" team in Nova's JV history.

junior high football

Last year's '65-'66 Baby Titans were the undefeated Western Division champions. So what could the '66-'67 team do? It repeated as undefeated Western Division champions.

The team started out with a feeling of confidence and determination that held them together for the entire season, until they won the division clincher, the Plantation game. Behind 13-0 at the half, Nova came back to score 19 points, winning 19-13. Thus, making Nova the winner in all three Plantation football games this year.

Bob Hall, Mike Moore, Chester Byrd, and Mark Fields were outstanding all year long. But it takes a team playing as a unit to win a division championship, and these boys really worked together as their record proves.

Head coach Jack Booth and assistant coaches Elwood Jones and Jack Moore can also be credited with the team's success.

Perhaps those grueling hours of practice at 7:00 A.M. had something to do with it too. Whatever it was, the 1967 Baby Titans did it, keeping up the Nova tradition of VICTORY!

cross-country

Led by senior Dave Tennis, the Nova Titan Cross-Country team ended the season with an impressive 6-1 record, bettering its previous mark of 3-3.

Ably coached by Mr. Bob Anderson, the Titan tracksters won the county Class A title and placed a strong fourth in the state meet.

Tennis, by winning seven of ten meets, was named to the Miami Herald's all-county second team for cross-country. He finished fourth in the state Class A meet. Dave's best time of the year was a quick 10:27.

Craig Kamp and Bob Crum, sophomores, ran well throughout the year.

Larry Martinez

The 1966-67 season was one of greatness and mediocrity, of success and frustration, of a packed gym and empty bleachers.

It was a season of 13 wins and 7 losses, of upset victories and the tournament loss, brilliant team defense (no. 1 in the county) and inconsistent offense, of a scorching fast break, and sporadic shooting.

It was the season of Coach Ward's 300th lifetime victory, and his retirement due to illness.

It was a season of the Stranahan upset and the two losses to Plantation, of the successful overnight trip to Fort Myers and Naples, and the tourney defeat at the hands of Saint Thomas.

It was a season for 105 points against Saint Patrick's and 45 against Stranahan. It was a season for holding St. Pats to 21 points and giving St. Thomas 68.

It was a season of "Hey, hey, hey, nobody messes with the green and the gold", and of the "3M Co." (Martinez, Morton, Mizell), as they combined for more than 900 points.

It was THE season for Captain Larry Martinez as he became one of the leading scorers in Nova cage history, and was named to the second-team All-County and first-team All-City.

It was a season of ups and downs for the rest of the team. For Chuck Morton it was breaking presses with his deft ball handling, of nifty moves against sub-par outside shooting.

For Don Mizell, it was leading the team in field goal percentage against below average foul shooting. For Dwight Higgs it was sweeping the boards, and blocking shots. For John Standart it was defense and experience against the effects that football had on him.

For the reserves, it was a year of spirit and talent, but little playing. Ed Haxby, Willie Hellinger, Ron Lamar and Paul Register were an incalculable boost to the team. And sophomore Steve Downing assisted late in the year.

junior varsity basketball

After coasting to an impressive 6-3 record the first half of the season, the JV's ran into tough competition and saw their record slip to 7-11.

With the potent 1-2 punch of Steve Downing and Jim Sills, the Titans scored decisive victories over LaSalle and St. Patrick's, twice each, and Monsignor Pace and Chaminade.

At mid-season Downing was advanced to the varsity, and the JV's went on to lose seven games in a row.

Downing, however, wasn't the only reason for the Titans downfall. They played five games against Class AA powers, and four against strong Class A teams.

With Downing gone Sills took sole possession of scoring honors, with 269 points and a 15.0 average.

Bob Miksovsky, second leading scorer with 131 points and a 7.3 average, displayed exceptional outside shooting, playing fine basketball throughout the season.

Shooting well from the outside, Fred Hanzelik, the Titans shifty guard, scored 110 points, including 38 free throws.

Walter Foeman, not given much of a chance until mid-season, showed excellent form in the later part of the season.

Showing much improvement towards the end of the season was John Cooney. Given a chance to play regularly, he scored 20 points in the last two games.

ninth year basketball

The Nova ninth year basketball team compiled a 7-5 record in its first winning season in two years.

The success of the Titan attack can't be centered around any single player, but various players gained recognition in certain departments. The rebounding of Mark Fields gave Nova a great boost in building up an offensive and defensive attack.

As far as scoring is concerned, Mike Moore and Bob Hall averaged ten points a game. Alex Torrence and Warren Grau's averages were about five and seven points respectively.

Top victories were recorded against New River, St. Thomas, Florida Air Academy and Plantation.

eighth & ninth year basketball

Led by Brad Smith, the eighth grade basketball team ended its regular season with an impressive 8-3 record.

"Smith was our ballhandler and the director of the team", said Coach Ed Grau. Smith scored 155 points for an average of 14.1. He led the team in scoring in nine of the eleven games. Ron Goodwin led the scoring race in the other games.

The Baby Titans overpowered Plantation, 48-11; F.A.A., 49-9 and 48-18; and New River, 38-16. In closer contests they defeated New River, 48-39 and 38-33 and Plantation, 35-27.

wrestling

Nova's wrestling team put forth a fine effort in this, its' first season. Although hampered all season by injuries, the "Action Group" gave a far better showing than expected. This was due in part to the fine job done by the "wraslin" coach, Jack McDonald. But mostly it was desire. The desire to win. This spirit was evident, even in the boy's slogan; "We'll overtake these bigger schools by the end of the year."

This was realized in the final competition when Nova wrestlers were ahead of powerful Miami Central until the final individual match.

Their final season record of 2-7 should be improved upon by next year, according to their slogan.

swimming team

This year Nova had its first swim team at the junior high level. The team started a little late in the season, but the Nova boys team ended with an outstanding record of 7-2. The girls squad, however, ended up with a record of 0-9.

The splashers would arise at the crack of dawn for 7 a.m. practices, under the direction of Coach Don Sommersdorf. Roy Geronemus was captain of the boy's team and Alex Torrance, co-captain. The girls were captained by Barb Burger and Katie Bruten was co-captain.

In the county meet the Nova boys placed fifth. Those who scored for the baby Titans were Roy Geronemus with a first in the 200 free style and the 200 individual medly and Chuck Shirk placed second in the 50 fly and the 200 individual medly. Mike Drews took fourth in the 100 breaststroke.

The medly relay team placed fourth with Alex Torrance, Pete Palmer, Paul Palmer and Mike Drews making up the team.

golf

The 1967 golf season started out with high expectations by Coach Carl Ferrara. The nucleus of the team was three returning lettermen, Rick Lonergan, Dean Weiss and Paul Lucas, who had played on the team for three years and a fourth, Frank Coughanour, who had two years experience.

By mid-season they were 9-3, all three losses being by one point. The second half of the season saw the team go down hill with missed putts, scattered drives and water trouble.

Rick Lonergan, playing #1, was a standout for the team, winning all but three of his matches. Dean Weiss, #2, played extremely well in spurts but didn't reach the heights expected of his normal game. Nick Cain, last year's winner of 19 out of 21 matches, also didn't enjoy the degree of success expected. Dave Burke, #4, played steadily all season, weakening at the close of the year.

Remarkable help to the team came from Paul Lucas during the season. Backing up these boys were Frank Coughanour, Chuck Smith, Dave Hmielewski, Jim Murphy and Jack Borgschulte. All played in intervals and showed promise of a bright future for Nova Golf.

All in all the team record of 13-6 is good, but it does not reflect the potential of these boys.

Completing a 9-3 record, the boys varsity proved to be the surprise of the year. Although not expected to be among the county's top competitors, their only losses were to Ft. Lauderdale and South Broward, and Coral Gables, decidedly the best in the state. The big surprise was fighting Gables down to the wire before losing.

Leading the team was Craig Cope, #1; Larry Schwartz, #2; Ken Brantferger, #3; Dave Muransky, #4; Bob Payne, captain, #5; and Randy Adamsick, #6.

The girl's team finished its season with a 7-4 record. Outstanding among the spirited wins of these girls were their two triumphs over Northeast, Miami Springs and Plantation.

The team looks forward to an even better record next year, although they lose two valuable assets in their graduating seniors Suzanne Hovanec and Kathie Reilly. Throughout the season the girls were led by Patty Gritman followed by Suzanne Hovanec, #2; Perry Gritman, #3; Kay Ketzenberger, #4; Kathie Reilly, #5; Vickie Coleman, #6 and Loretta Van der Veer.

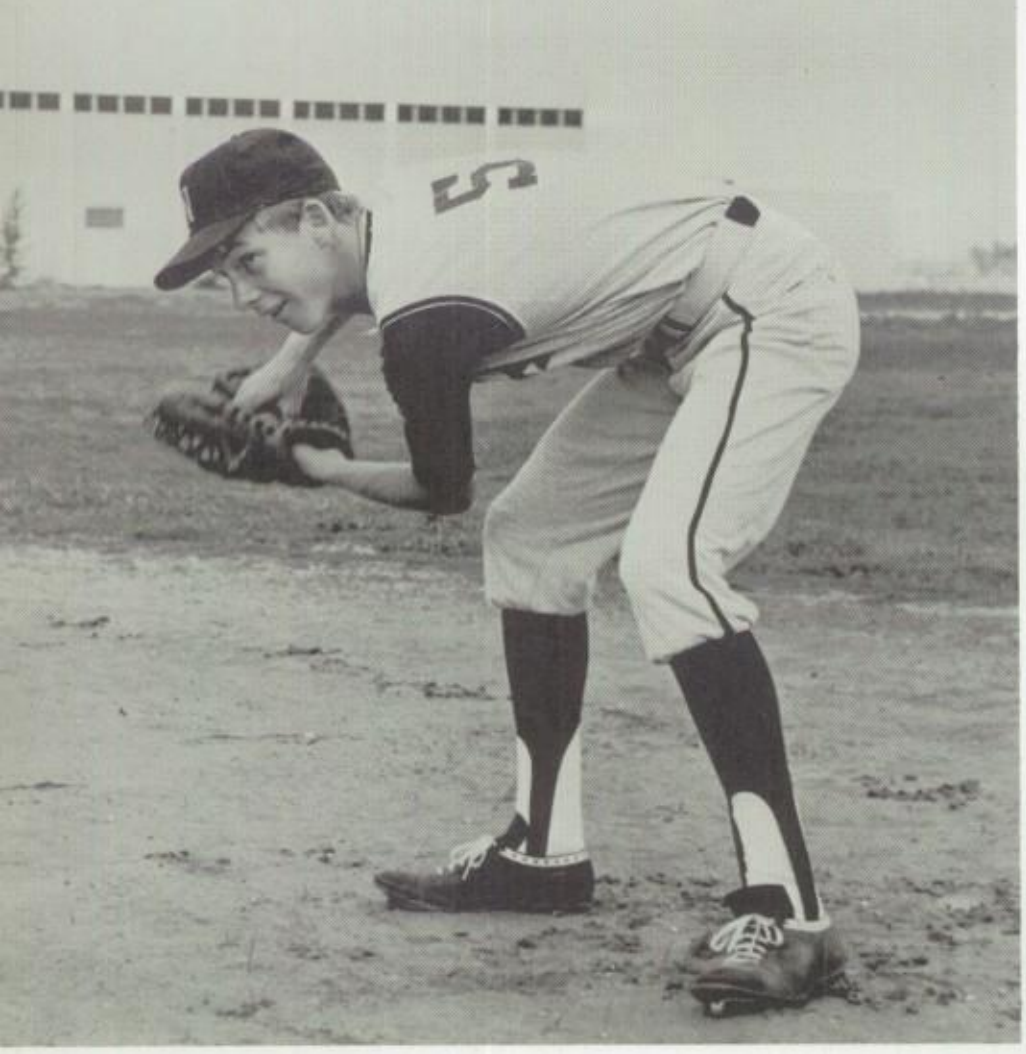
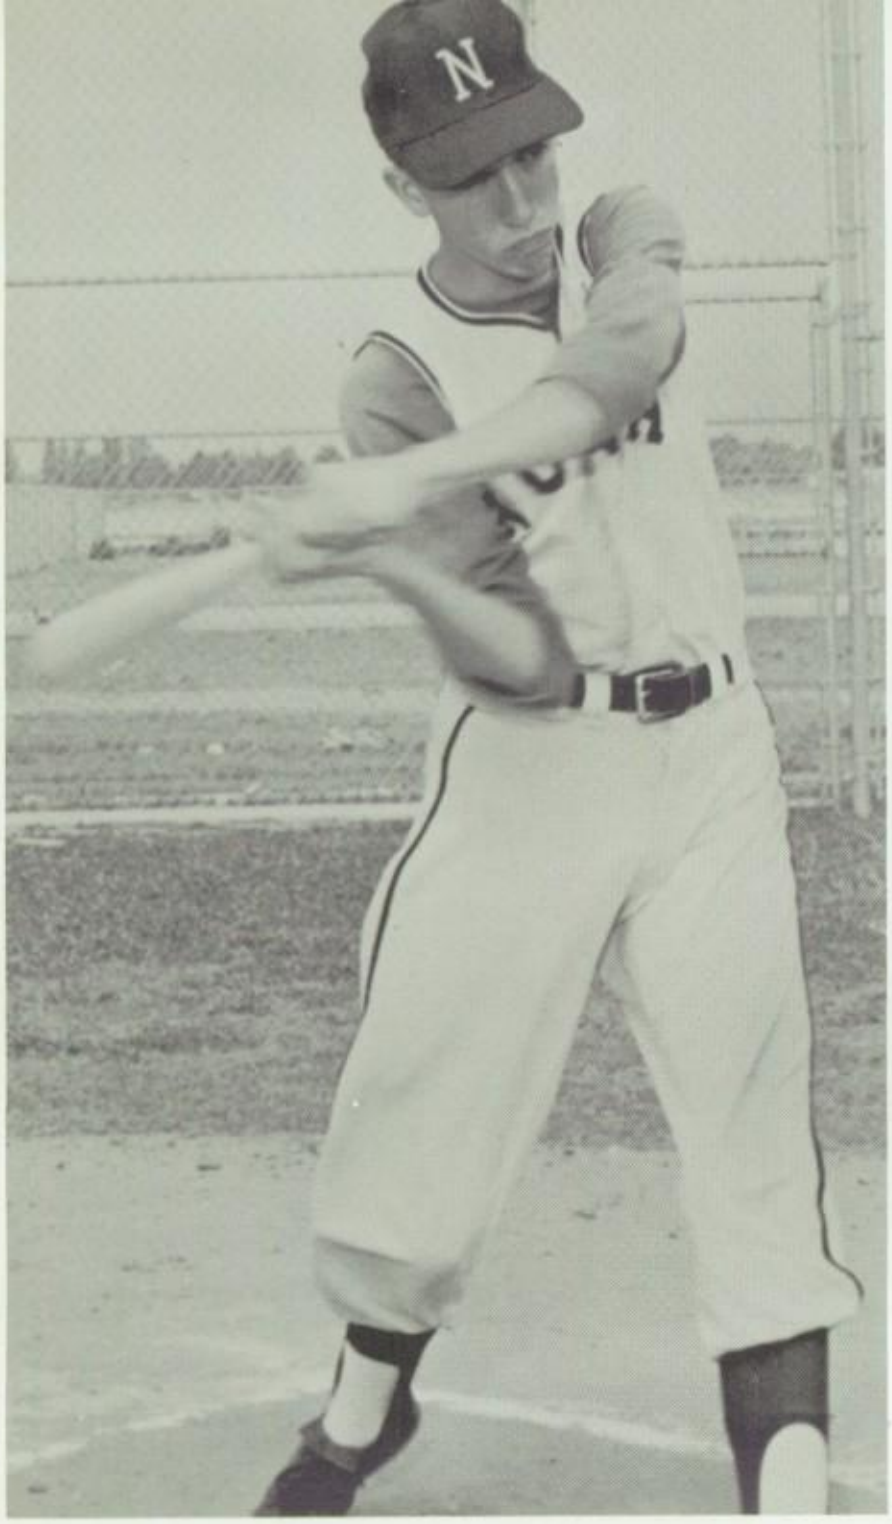
varsity baseball

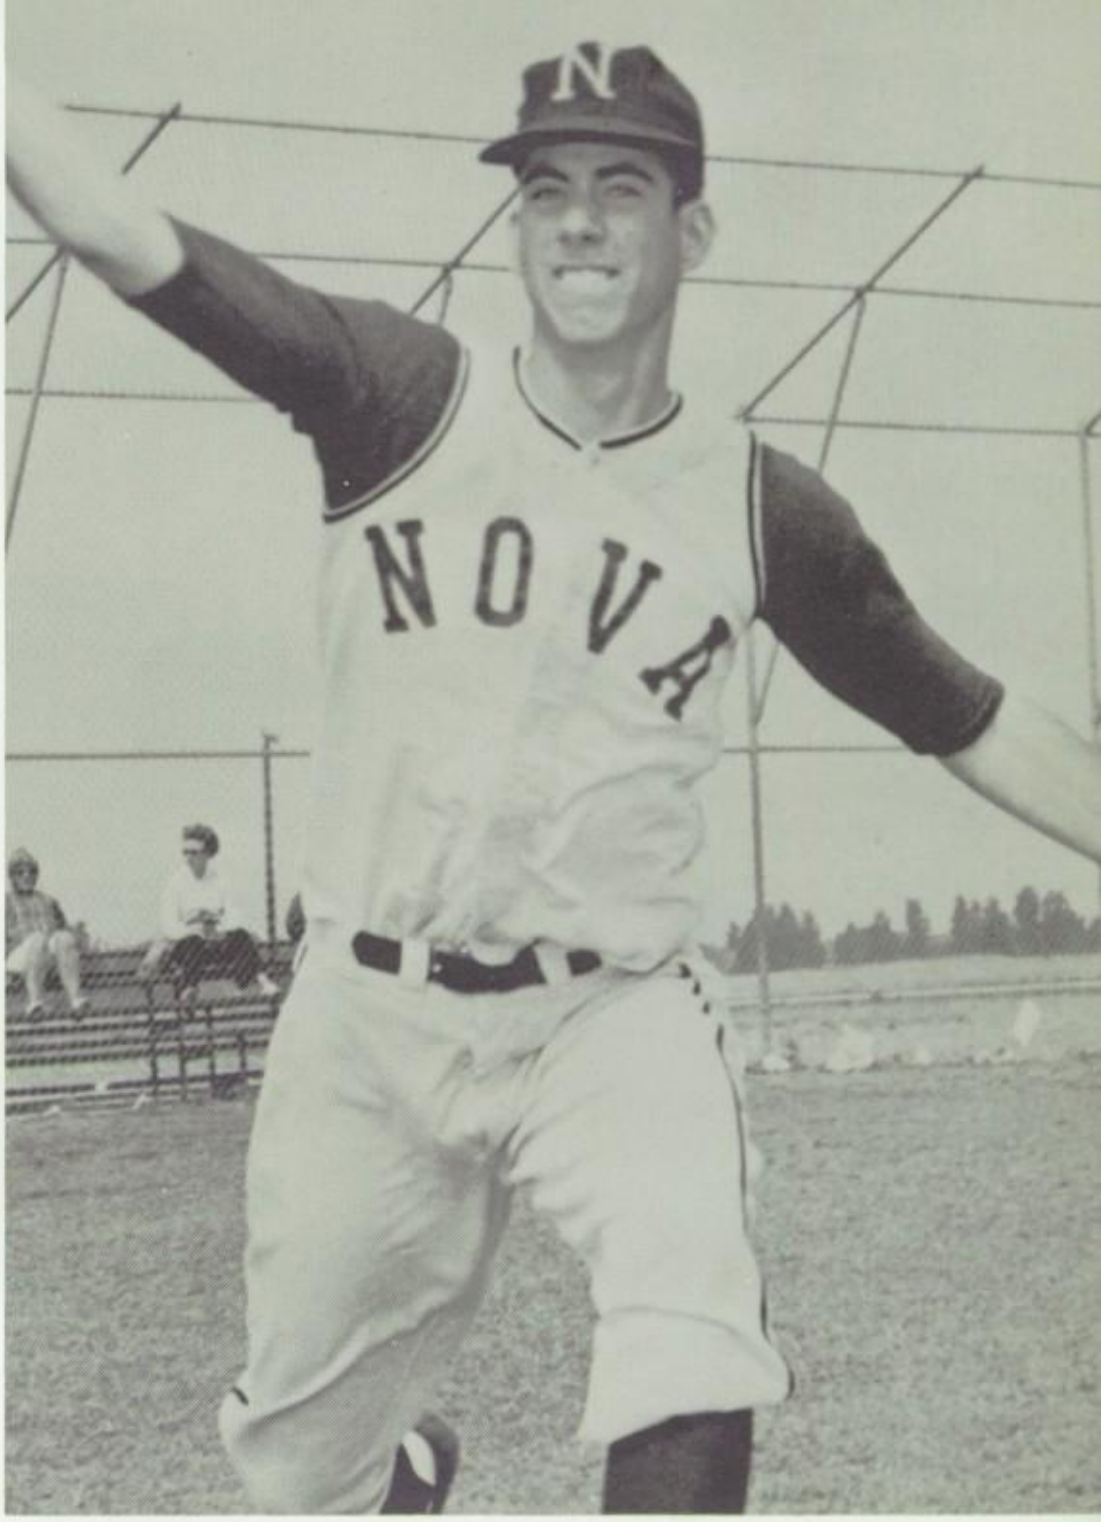


Mike Watts

Roger Fix



Dan Lovell



Steve Downing

The Nova baseball team is nearing the completion of a 50-50 season at this writing. The greatest win to date was an upset 7-4 victory over Plantation.

Most of the losses were by narrow margins and due invariably to the lack of a timely hit or a costly error. A lack of experienced players has been a serious handicap.

The leading hitters have been Ken Wilson, who has been around the .400 mark all season and Dan Lovell who has been hitting in the area of .350. The best fielding has been turned in by Roger Fix in center field, Doug Grau at short stop and Chuck Morton at third.

Perhaps the brightest part of the whole season has been the performances of sophomore pitchers Steve Downing and Rudy Miranda, and junior hurlers Bob Sabo and Pat McQuaid. Each of these boys has pitched some excellent games, despite a lack of experience. There are only three seniors on the squad so the prospects for next season appear very promising.

varsity track

Dick Peavy

With a squad comprised mostly of sophomores, the Nova High Track Team had an impressive 1967 season.

The squad was led by four seniors and a junior—Frank DeBene, a consistent high and low hurdler; Ken Dowdall, a steadily performing 440 man; Bob Wolf, a three year veteran sprinter; Dave Tennis, an undefeated miler whose best time is 4:32; and Tom Jackson, an 11th year pole vaulter who is capable of 12 foot plus vaults.

In the Titans' biggest victory they won 11 of 14 events. Sophomore Dick Peavy was victorious in three events, broad jump, high hurdles and low hurdles. Other sophomore winners were Wayne Bulman, high jump; Charlie Forman, discus; and Keith Carter in the pole vault.

Using these boys and about 25 untried sophomores and juniors, the improving team heads into the Group Meet as strong as they will ever be. The results there should indicate the caliber of tracksters turned out by Coach Robert Anderson.

Coach Cavari's track team put in a tremendous amount of work, and to the casual observer didn't appear to reap many rewards. But when a team comes in second in every one of its meets, triangular and quadrangular included, they merit a lot of praise.

Harold Powell was really outstanding. He ran both relays, the 220 and broad jumped. In the District Meet, he finished second in both the 220 and the broad jump. Here he was competing against boys from 10 other schools.

Jay Spechler and Terry Schnarr were fine milers. With Schnarr finishing second in the District with a time of 4:57.

John Sorel came in first with 2:08 in the District Meet in the 880 yard run.

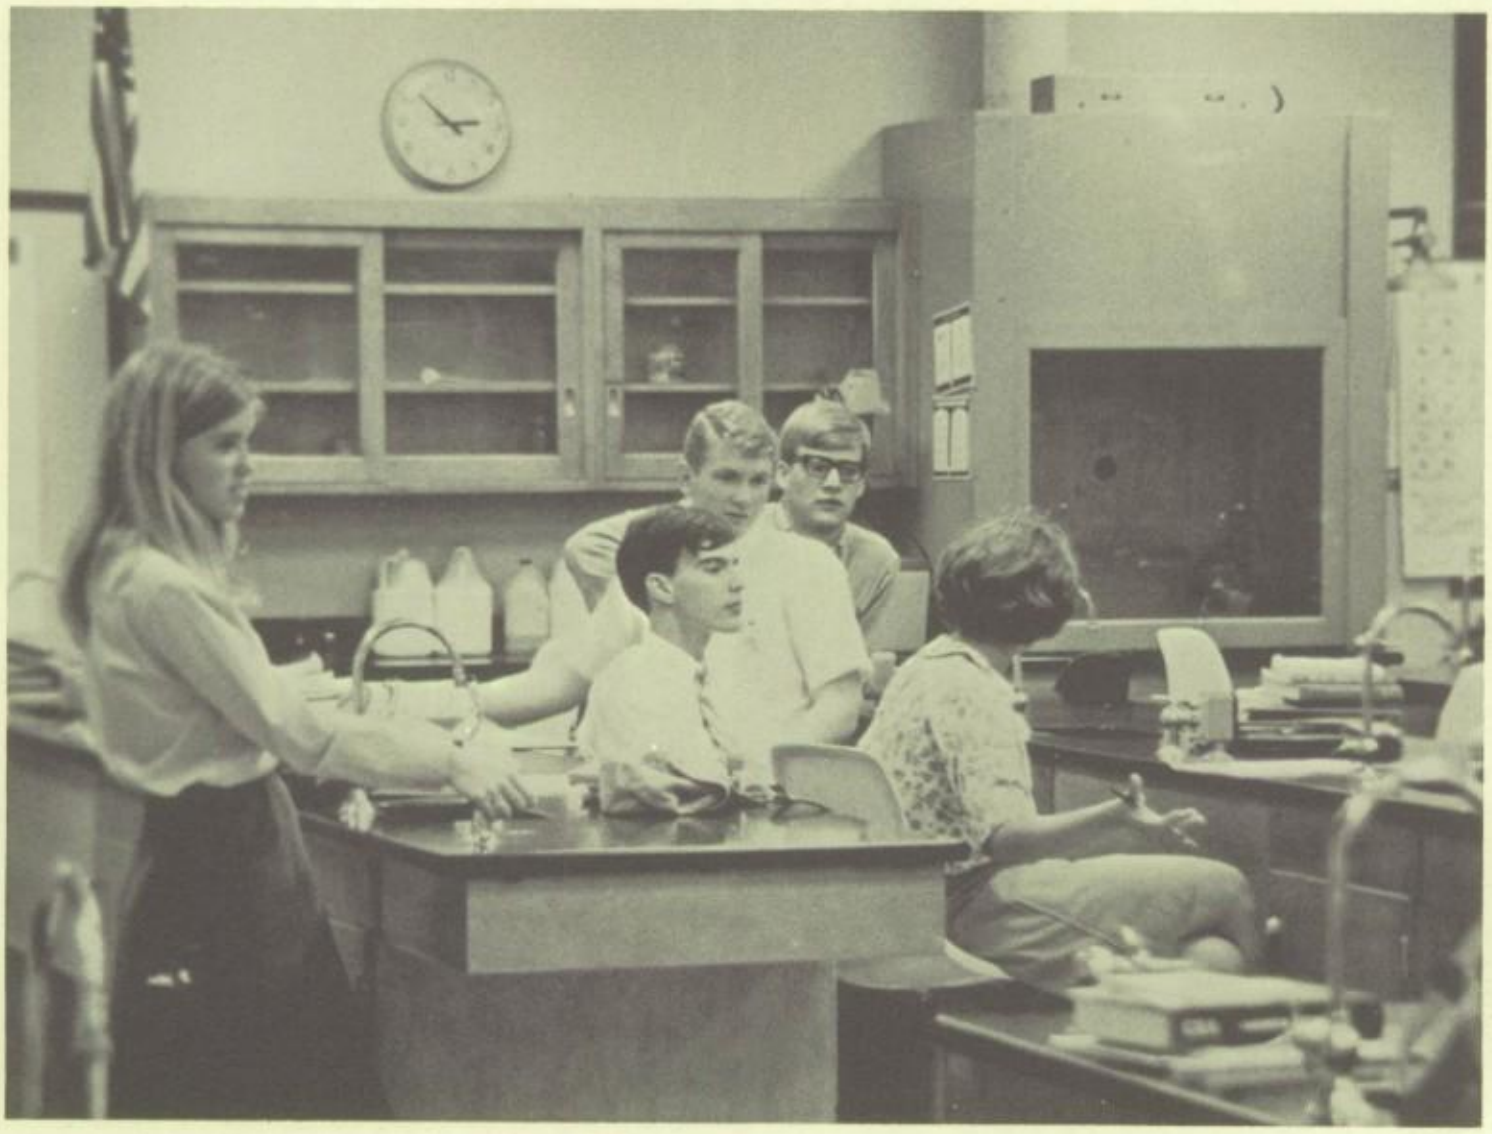
senior class



The class of '67 began to notice the change last March when the '66ers left and we had the upper patio with the birds-eye-view and the wind-tunnel environment—class rings turned around and the first meeting of the class of '67.

The year held experiences such as history term papers, English LAP Packets, college applications-acceptances-rejections-waiting-hoping—is it really gonna be BJC?

The onset of Senior Slump, the countdown to March 17th—or for some May 16th. Graduation announcements, caps and gowns, class projects, Senior Follies, club "sweeties", and the first and last Jr.-Sr. Prom—each resembling those of years gone by and of years to come—yet each holding something special, something different in the minds of each of us. And then—Graduation night—joy at making it at last—sorrow at saying good-by—when and where will you see these faces again.

eleventh year

Above: Cindy Osterman, 11th year representative on Miss Titan's Court.

Unity, spirit, recognition . . . Maybe the administration doubted that the class of '68 had the qualities of leadership together with academic and athletic excellence. But they had to realize it sooner or later—the potential has always been here—all we needed was that one important ingredient—recognition. It couldn't be avoided.

"Its time we realize that we are not just members of the student body, or of an athletic team, or of a club, or of a crowd; but members of a class, the class of '68." President Bruce Gora's belief "that we can be the number one class in the number one school" came a little closer to reality this year. Junior class officers Bruce Gora, President; Bill Owen, Vice-President; Nancy Atherton, Secretary; Julie McNeilly, Treasurer, led the way. . . . The Powder Puff Football game—the Juniors defeated the Seniors 12-0 (no matter what anyone says). Anyway, the Jr. boys made the prettiest cheerleaders and the best marching band Nova's ever had.

The first class meeting—parliamentary procedure—Oh well! October—the "Surfin Safari"—thanks go to class sponsor Mr. Latham. Titan Week celebrations, decorations, the float, and the game; Cindy Osterman our representative on Miss Titan's Court. The candy cane sale to raise money for the one and only Jr.-Sr. Prom in Nova's history at the Venetian Room in Pier 66.

tenth year

The sophomores returned to Nova finding things much the same—the same people in the same conference room, the same great enthusiasm and the same great class. But one thing was different—now the class of '69 could justifiably say they attended Nova High.

Now how about football—J.V. and Varsity . . . who yells loudest at the pep rallys? Sophomores, of course.

Co-ed football games were fun; but remember those dancing classes? The problem of "what to do with free time" was always present! American History-notebooks! "Who took my beaker of $AgNO_3$ $KClH_2O$??" Drivers Ed. today, tomorrow—the roads. . . . Sweet Sixteen and lead me to a car!

'69 is the magic number (what other ticket won a surfboard)! Besides it is "class of '69 forever, even if we are a bit narcissistic.

ninth year

As the school year progressed, the ninth graders developed patterns of leadership in every area. A sense of independence and responsibility gave the Junior Council, headed by President Roy Geronemus, Vice-President Cathie Pollack, Secretary Carol Somerall and Treasurer Barbie Kulander, a feeling of having become the best in Nova's history.

Western Division champions in football along with victory parties characterized the class's fall "activities." What would ninth grade be without Mr. Woodman and his annual "A trip to the Moon"? Or without those exotic and delicious meals prepared by the Home Ec. classes? A lot less, exciting, probably. These "commonplace" occurrences were present in this year's ninth grade class. . . .

But things like: the new swimming teams, Miss Fort Lauderdale—Mary Jo Atherton, the Jr. Council's winning float in the homecoming parade, the English plays, and Mr. Ferrara's "interpretation" of Julius Caesar set the class of 1970 apart from just "any" ninth grade class.

eighth year

Miss Titan Court: Becky Jerue

Susan Faris

Now that we're not kids anymore . . . between the ages of 12 and 14 there is a unique condition known as the eighth grade. Everyone gets this "disease" and few people are sorry they did. Its symptoms are teachers, parents, long hair, tight pants, fun, and the sudden inability to stay still for any long period of time. Here at Nova we have successfully completed "eighth grade", but its symptoms will not be forgotten for a long time.

Special memories; dances like "Now That We're Grown Up", charity drives such as "Sunshine Santa Claus", football games (Plantation perhaps?), "unfigureoutable" schedules.

Swinging English lectures by Miss Katz and Mr. Deitz, Martians from outter space "They're coming to take us away", Mr. Klien's jokes, Becky Jerue in the Homecoming Court, T-Day, March 14th testing in the gym, the "great" progress reports, How hard everyone works in Council (Ha! Ha!), four week Science units that should be six weeks long, Social Studies field trips (to Mental Hospitals!). Occupations notebooks . . . I really wasn't planning on getting a job!

End of 8th grade and school—How did I ever make it? Well, next year comes 9th!

Miss Titan Court: Donna Atherton

seventh year

"Oh golly, I'm scared!" This is the "typical" reaction of the "typical" seventh grader in the "typical" school on experiencing the "BIG TRANSITION." At Nova, however, the seventh graders not only weren't scared; but sometimes **scared** the upperclassman! After all, there's not much one can do when a 4' tall seventh grader comes charging with a ten pound briefcast swinging back and forth.

This year's seventh year, many of whom are accustomed to the Nova idea from their old Alma Mater, Nova Elemetnary (remember old Suite B?), showed an unusual, but striking ease in their adaptability to the Nova set-up.

It even got to be a little embarrassing at times when the "little kids" showed more spirit than the "big kids." Go-Go girls, the float in the Titan Week parade. . . . Is this the seventh grade??

Dine-and-Dance Landmark

The soaring tower of Pier 66 guides you to Fort Lauderdale's most gracious dine-and-dance spot. There's fine food and danceable music every evening in the Panorama Room. It's a great idea for pre-Prom dinner . . . or for a good time, anytime.

You'll want to consider the splendid facilities of Pier 66 if you're planning a group luncheon, dinner, or party.

COOPER CITY, FLA.

Morris Cooper Invites You to Visit
The "Opportunity Community of the Year"
FOR THE FUN FORM OF LIVING

Morris Cooper, Developer

Become a resident of this community of unbeatable combination of features and values. For, only at Cooper City were the facilities and conveniences built BEFORE the first homes were constructed.

A secluded citrus grove setting . . . a completely landscaped beautifully tailored 18 hole golf course . . . Olympic size swimming pool (and children's wading pool) . . . plus . . . a beautiful cabana colony, all within walking distance of your home . . . miles of trails and a riding academy to supply you with the finest mounts for your riding enjoyment. Cooper City is refreshingly different—surrounded by groves and farmland . . . a world in itself in Florida storybook living, complete with Mayor, Commissioners, and Police Protection.

With nearly 400 homes built, ranging from $8,000 to $45,000 in value, Cooper City represents an attraction to leisure living.

Water problem? NOT IN COOPER CITY. Here you will find the most modern water and sewage disposal plant in Florida. You are always assured of pure drinking water and sanitary sewage-ALSO—Cooper City's planning and zoning board maintains a high level of zoning so that the natural beauty and quiet country serenity will always assure residents that their investment is protected. Streets are fully paved and have sidewalks. Cooper Boulevard, the main street is a wide avenue, lined with Palm trees and equipped with street lights.

Does going to college pay?

Yes! The U.S. Census Bureau estimates that the average college graduate will earn $170,000 more during his working lifetime than a high school graduate. A college diploma pays dividends!

As our country grows ever more technological, a solid educational background becomes increasingly important in shaping your career.

Congratulations and best wishes to the Class of '67. Go forward with Florida in the exciting and stimulating years ahead. More power to you!

HAMBURGER—*all the way*

Sounds good. Of course some people might just have mustard and pickle or lettuce and mayonnaise but it sounds a little better when you say, "Hamburger all the way!" It's the same way in banking . . . most financial institutions have some services, but only at your BANK can you get COMPLETE service. Yes, checking accounts, savings accounts with guaranteed interest, and all types of loans! In other words, why settle for limited financial service when you can have it "all the way."

Get to know your banker; he can become your best friend.

So a funny idea.
Good luck with
TV and try to
make better
Snack bar jokes.

Suzi Schmidt

Mark,
A real great guy and
always good for a laugh, best
luck next year of cutting down
the snack bars.

Andy

Mark,
Although your usually pretty hateful, mean, and deceitful, I still consider you a good friend. Good luck in the coming years. Luv, Linda

Mark,
Someday maybe I will learn a little about the Civil War. And a few other people may learn to. But in the mean time, don't fall off your twig. May Blood Be With You - Blair

KRAM
To one of the nicest guys I know, we've had a lot of fun this year, nasalan, resource center, kazoos and all, lots of luck
Roni

To Mark
a real great guy and a big mouth. But I'll show I've ever seen. Lot of luck always.
Moon.
